Highlight of May Service

—Mercury Staff Photo

A garland of carnations is placed on the statue of the Virgin Mary by Kathleen Churach, prefect of the Senior Sodality of St. John's Greek Catholic church. The crowning of the Virgin was a highlight of a May Day service in the church Sunday afternoon. Miss Churach, daughter of Mr. and Mrs. Daniel G. Churach, was queen. Pictured in the foreground is Regina Polinitz, daughter of Mr. and Mrs. Joseph Polinitz, 334 Walnut street, who was crown bearer.

AREA SCOUTS LOOK FORWARD TO EXCURSION

33 Youths Will Visit New Mexico Ranch

A three week adventure that would spark the imagination of any American youth awaits 33 Pottstown and area teen-agers in July.

The annual excursion of Boy Scouts, 14 years or older, to the Philmont National Scout camp near Cimarron, N.M., will begin July 8 for more than 100 boys of the Valley Forge council.

The 33 Pottstown and area youngsters, members of the Continental district, will be in one of three buses on the trip.

Exploring abandoned gold mines, hiking and camping on a mountain 11,000 feet above sea level, tracing a part of the historic Santa Fe trail, searching for Indian writing, horse riding, trout fishing in clear mountain streams—these are some of the outstanding activities that will occupy the Scouts on the 127,000-acre camp.

Local Church Conducts Impressive May Rites

A May Day ceremony of color and religious meaning was highlighted by the crowning of the statue of the Virgin by a Pottstown girl Sunday in St. John's Greek Catholic church.

The crowning of the statue with a garland of carnations by Kathleen Churach, head of the Senior Sodality of the church and Queen of May Day, was the climax of the Sacred Heart service conducted annually on the first Sunday of May, "the month of Mary."

Miss Churach, 17 year old daughter of Mr. and Mrs. Daniel G. Churach, 71 North Evans street, led the bright May Day procession from the St. John's Parochial school into the sanctuary.

The Pottstown High school Senior was attired in a white gown of lace and nylon over silk, and a white veil.

Following the queen were: The crown bearer, 6 year old Regina Polinitz, daughter of Mr. and Mrs. Joseph Polinitz, 334 Walnut street.

The Very Rev. Msgr. John Macko, pastor of the church, and the Rev. John Pohorilak, guest pastor from Levittown who delivered the sermon.

The Senior Sodalists of the church, dressed in formal gowns and carrying bouquets as the queen's court.

The Junior Sodalists, wearing blue capes over their dresses and serving as the queen's escort.

The children of the school, with the boys attired in white shirts and dark trousers and the girls in dresses and blue capes.

Those in the procession sang, "On This Day, O Beautiful Mother," a traditional May Day hymn.

Annual Banquet Scheduled by County Clubmen

Forty-four members of the Montgomery County Clubmans association made final plans for the 24th anniversary banquet Saturday at Maria Assunta lodge at 6:30 p.m.

Representing 24 clubs in the county, members agreed to have former district attorney Frederick E. Smilie, Plymouth Rock, as the special speaker. Some 400 members and their families are expected.

Four members gave reports on the Pennsylvania State Federation of Fraternal and Social organizations convention April 23-24 at Allentown.

They are President L. B. Oberholtzer, Lansdale Eagles lodge; Secretary Harry J. Umstead, Norristown Maennerchor club; Treasurer Harry J. Ginther, Pottstown American Legion post, and district vice president of the State organization, Wilfred Delong, Pennsburg, also representing the East Greenville Owls lodge.

Mental Health Group Hears Talk On Causes of Juvenile Delinquency

Dr. Perry Ottenberg, assistant professor of psychiatry at the University of Pennsylvania Medical school, spoke before 120 persons Saturday night at the second annual dinner meeting of the Pottstown Area Mental Health clinic in the Elks home.

Dr. Ottenberg's topic was "The Middle class Attitude Toward Mental Health." He emphasized the community's responsibility to try to understand the causes of juvenile delinquency.

Much of what we call delinquency, he said, can be traced to three sources: Healthy aggression, of a normal desire to rebel. Frustration aggression, caused by constantly being thwarted; and neurotic aggression.

"The next time you read about an incident of teen-age violence," Dr. Ottenberg told his audience, "be sure to question what lies behind the act."

The psychiatrist termed the true delinquent "one whose drives overpower him."

DR. CLARENCE R. Pentz, chairman of the board of the Pottstown Area Mental Health clinic, was toastmaster.

Dr. Pentz in his annual report said the clinic had an income of $27,041.54 in 1959. Its expenses totaled $24,030.63.

The clinic served 132 persons last year—82 adults and 50 child-

POLICE CHIEF TURNS OVER GUN, BADGE

Constables, State Police Assume Duties

GUADAGNO HOLDS 'LAWMAN' OFFICE

Jeffersonville State police and the township's two constables will be in charge of law enforcement in West Pottsgrove while the legal battle over the firing of James V. Guadagno continues.

Guadagno is one of the township's two constables.

He was elected in 1956 and will serve until the first Monday in January, 1962. The constables have regular police power and are licensed to carry firearms.

Guadagno on Sunday turned over to Elmer Hampton, president of the township commissioners, the keys to the police car, his gun and badge. He had refused to turn the equipment over Saturday on the advice of his attorney, Emidio J. Mattei.

Mattei explained that Guadagno's dismissal did not become effective until midnight Saturday, and therefore the commis-

Troubles Pile Up For Area Youth

A 19 year old hit-run motorist gave the village of Hereford something to talk about over the weekend.

William C. Smith, Zionsville RD 1, was the driver of a car that rammed an auto driven by Mrs. Marion Heist, Boyertown, in the rear at the intersection of Route 100 and Township road a half mile south of Hereford Saturday at 3:45 p.m.

The Heist auto was spun completely around by the impact. Mrs. Heist and her 3 year old daughter, Rodena, were thrown to the floor. They were badly shaken but not injured.

Police said, after the accident, Smith, who received his driver's license just one month ago, sped off.

HEREFORD Township Police Chief George J. Crum said he sped through Hereford "at a terrific rate, really scaring people out of their wits."

Half a mile north of Hereford Smith lost control of his

Election Contest Expected As Steel Union Nominates

A bitter fight loomed within the ranks of United Steelworkers local 2177 at Bethlehem Steel company after the nomination Sunday of Vice President Edwin Musser and former President Paul J. Zelenak for the union's top post.

Zelenak served as president from 1954 to 1958, then resigned in 1959 from all committee posts he held. He has been a constant critic of the present administration, headed by Daniel F. Stetler. Stetler, who served from 1954 to 1958 as recording secretary, will be a candidate for that post again.

All nominations are made from the floor, and there is no nominating committee slate. Nominations were closed after Sunday morning's meeting, at 1304 High street, and elections will be June 17. All terms of office are for two years.

Musser has served as vice president of the 1300-member local since 1957, when he succeeded the late Henry S. Dozier. He defeated Benjamin L. Wade for the post in 1958.

* * *

MUCH OF the fight for the presidency will be over Zelenak's refusal to hold union office for the past two years, The Mercury learned. He resigned his post shortly after the death of his shop foreman.

Wade will be one of the candidates for the vice presidency. He will be opposed by Frank Jagielski and Norman Getz. Both Wade and Jagielski are former recording secretaries and Getz was an unsuccessful candidate for president in 1958.

Stetler will be opposed for the recording secretary post by Dmitri Sweetak. Nominated for treasurer were Charles McBride, Robert Bechtel and Joseph Bressi. Two candidates were nominated for fi-

Chef Will End Years of Service

—Mercury Staff Photo

The kind of egg souffle that Harry Lehman prepares takes more than 1400 eggs—and each one has to be cracked by hand. The 65 year old chef at The Hill school is preparing for a June retirement after years of service. He was born in Germany, and came to The Hill school 38 years ago after working at hotels in Philadelphia and Wilkes-Barre.

Says Chief Chef

A Woman's Place Is In The Kitchen

Harry Lehman firmly believes that a woman's place is in the kitchen. He just as strongly believes that a man makes the best cook.

And this is the reason why his wife Mae does all the cooking at their home at 758 Walnut street and he does the cooking for hundreds of Hill school pupils.

Mrs. Lehman complains that she's never able to "get him into the kitchen to help," and he replies that "I don't need a busman's holiday."

Lehman has been a chef since his father, also a chef, first placed a mixing bowl and spoon in his hands in his native Germany more than 50 years ago.

Warmest April In 19 Years Ends the Way It Began—Wet

"Gentle" April ended this weekend, with light rains and temperatures very similar to those which marked her entrance.

The Pottstown area will remember her as a warm, reckless hussy with surprises always ready. . . .

For instance.

It was the warmest April in 19 years, and the third warmest since 1910.

A drouth lasted almost three weeks during the latter part of the month, but rainfall was 1.21 inches above normal.

* * *

ONE RECORD for high temperature was set and another tied, marking the first record-breaking temperature to happen here during any April since 1950.

April has been so calm, and quiet, and "herself" for so many years, Pottstonians were just enchanted with her brazen activities this time.

The warm temperatures didn't bother anyone, and at the other end, it only fell below freezing for several hours on one night during the entire month.

There were only four thunderstorms, and these were brief.

May Orders Umbrellas as Uniform of Day

May made its appearance Sunday and chased Pottstonians under umbrellas, as early morning showers brought .27 inches of rain to the area.

Light showers, almost mistlike, appeared first shortly after midnight — May's official entrance.

The rain grew heavier and a downpour lasted almost a half hour around 3 a. m. and again at 7 a. m. But following the rain, and a cloudy forenoon, it grew clear and cooler.

Temperatures dropped eight to ten degrees below Saturday's readings—when it remained clear and seasonably warm late into the evening.

IT WILL remain fair, and somewhat cool until Wednesday. Temperatures today will range in the low and middle 60s.

Saturday's high was 66 and the low was 53—slightly warmer than seasonal normals, but much cooler than the marks in

'Coaching Is No Picnic,' Says Board Member Who Endorses Increase In Pay

"They must think coaching is a picnic . . . that it's fun for these people. What they evidently don't realize is that coaching is work."

This was one of many arguments advanced by William H. Yohn, Pottstown School board member, as he recognized a request by the Junior and Senior High school athletic staff for salary increases.

The athletic staff, which is paid for its outside duties through supplemental contracts, asks increases totaling a 31 percent raise over 1959-1960 salaries.

Yohn moved to approve the $2295 in increases at a recent school board executive session. He had no second to his motion. Another motion to kill the request also died for lack of a second.

* * *

THE COACHES now bring to the fore another part of the budget to justify their request. The tentative budget lists the six top administrative officials in the district, and one supervisory official, for total pay hikes of $2800.

Yohn said, "The argument against raises for the coaches is, 'He's gotten a lot more for teaching as it is, why should he get more for coaching.'

"Well so has everyone else—every other teacher—gotten more for teaching, as they should.

"But they don't have to

Six-Man Teams Picket Teleflex In Boyertown

Three six-man teams picketed Teleflex incorporated, Boyertown, over the weekend as the plant at Fourth and Berks streets remained closed by a strike that began early Saturday morning.

Sunday night spokesmen for both labor and management said no date has been set for talks aimed at bringing the walkout to a close.

Carl M. Herbine, president of Amalgamated local 644, said he had "no idea how long the workers will remain idle."

Charles Peacock, executive vice president of Teleflex, declined to discuss management's viewpoint. He also declined to speculate on how long the work stoppage will last.

The 60 employes striking against the firm are demanding higher wages and insurance benefits.

Teleflex manufactures aircraft control systems and power steering units for cars.

Professor Describes Ancient Skull In Lecture to Mineralogy Group

A 250 million year old skull of an amphibian has recently been found in West Virginia, the Pennsylvania Mineralogical society was told Saturday night at the Spring Mountain house, Schwenksville.

Some 125 members heard Dr. James R. Beerbower of Lafayette college, Easton, say that it is one of the largest known skulls of the Diploceraspis ever found.

Beerbower said that he and an assistant found "the presence of vertebrae and skull fragments of the weird and little known emphibian" in limestone slabs along Route 88 about four miles south of Wheeling while waiting for a flat tire to be repaired.

The 33 year old associate professor of geology prepared the fossil for study and put it on display at Markle hall on the Lafayette campus.

* * *

BEERBOWER described the horned skull as "one of the most remarkable known in vertebrates," seven inches wide across the horn tips and 5½ inches long from snout to horn tips.

He said the Diploceraspis was "pop eyed like modern frogs," lived in a wide, shallow lake and had an 18 inch body and small, weak limbs.

The ancient animal probably fed on small invertebrates because his teeth were too sharp to crush plants and too small and delicate for holding or biting large prey, he said.

"The double row of closely spaced teeth suggest that he dug mouthfuls of mud from the stream bottom, strained the water and sediment out between his teeth, and retained worms and other bottom organisms," Beerbower said.

* * *

HE NOTED that the amphibian's unwieldy head, flat body and weak limbs undoubtedly made him a poor swimmer "and at best a sluggish, awkward walker."

"Any ventures onto land must

Zern Gets Contract; Handling Other Projects

Warren B. Zern, Pottstown builder, Sunday night was awarded a $130,000 contract to build an auditorium and an educational building for St. Peter's Lutheran church in Stowe.

Zern, about the busiest contractor in the area this Spring, is waiting for final confirmation that he has $124,846 contract to complete the construction of the Schwenksville Union High school.

His men are also working on a $100,000 addition to the Collegeville Flag company, where construction began in February.

Zern's portion of a $75,000 renovation contract at the West Pottsgrove Elementary school is $35,000. Schoolmen hope work can begin there in June when school is dismissed.

Church Plans Get Approval

The congregation of the First Presbyterian church has approved plans for a $332,000 contract estimate to build a new church.

Earlier estimates were rejected because of high costs. The Presbytery of Philadelphia will consider the plans, and financing means will be arranged before the contract is let to a bidder.

The Rev. William A. Guenther, pastor of the church, said it will be six weeks to two months until the contracting can get underway.

The church will be built on a four acre plot of ground bounded by Nightingale avenue, Evans street and Franklin street.

Anti-U.S. Charge Cheered by Cubans

HAVANA (AP)—A huge May Day rally to show support for Prime Minister Fidel Castro turned into a thunderous anti-U.S. demonstration Sunday night.

Chants of "Cuba yes, Yankees no" swept the crowd estimated by newsmen at 250,000 to 500,000, and for 15 minutes interrupted the bearded orator who until then had failed to work up much enthusiasm among his listeners. Thousands had started to leave Civic Plaza when the crowd set up its roar.

• • •

Apparently pleased by the demonstration, Castro smiled, applauded and then launched into a charge that the U. S. State Department was preparing "an aggression against Cuba through Guatemala."

He also derided elections as a Democratic process.

• • •

The organizers of the rally, the Confederation of Cuban Workers, had spent maximum efforts to get a crowd of 1½ million. It appeared, however, that despite orders and appeals thousands of Cubans had stayed away, possibly out of disappointment with the revolutionary regime.

Castro made his charge that the United States was preparing an aggression in rejecting the accusation of Guatemalan President Miguel Ydigoras that an invasion of that Central American country was being organized in Cuba.

• • •

The Guatemalan President announced last week that he was asking Cuba to close its embassy there and that Guatemala's embassy in Cuba was being closed.

The Guatemalan accusation, Castro thundered, was "baseless, absurd." The charge was made, he implied, because "we had information that the U. S. State Department was preparing aggression against Cuba through Guatemala."

Ydigoras' charge, Castro said was part of a maneuver to make Cuba appear as an aggressor before the Organization of American States and "justify armed aggression against our country."

• • •

He implied that the United Fruit Co. was linked to such a maneuver, saying it was a coincidence that the Guatemalan President's charge was made the same week that Castro's Agrarian Reform Institute took over nearly 280,000 acres of United Fruit Co. land here.

Castro said his detractors "speak of elections."

A roar of approval went up at this reference to criticism because he once promised elections within 18 months after triumph of his revolution, a promise he now indicates he will not keep.

Couple Jailed for Abandoning Two Young Boys in Briar Patch

VALDOSTA, Ga. (AP)—An itinerant couple who abandoned two young children in a south Georgia briar patch because "we just couldn't take care of them," faced abandonment charges and loss of the youngsters Sunday.

Sheriff Jewell Futch said the couple, Clinton Howard Thomas, 37, Rockford, Ala., and Elizabeth Thomas, 26, Queenstown, Md., Md., were picked up Saturday night while hitchhiking at Albany, Ga. They were brought to Valdosta for a face-to-face meeting with the boys, Tommy, 5, and Johnny, 2.

• • •

At first Tommy appeared not to recognize his mother, then whispered, "Mommy," Futch said. The woman broke down and cried in her only display of emotion.

After the brief reunion in Superior Court, the couple was taken to jail under 5,000 bond each and the children were returned to a Methodist minister from nearby Hahira.

The Welfare Department has given the minister and his wife, the Rev. and Mrs. Reece Turrentine, temporary custody of the boys.

• • •

"The couple has given no reason for leaving the children other than they just couldn't take care of them," Futch said. "They have indicated no interest in taking them back, although they mentioned that they hoped nothing had happened to the kids."

"Offers of help and for adoption of the children have been pouring into our office," the sheriff said.

Futch quoted the couple as saying they left the boys sleeping in the briar patch at Hahira last Sunday night. The boys were found Wednesday afternoon when a woman heard them whimpering.

Teamsters Union Backs Humphrey In West Virginia

CHARLESTON, W. Va. (AP)—The president of the State Council of teamsters in West Virginia—representing some 7,000 members—Sunday night threw Teamsters backing behind Sen. Hubert H. Humphrey (D-Minn).

The announcement, by President E.A. Carter, represented the first statewide union endorsement of either Humphrey or Sen. John F. Kennedy (D-Mass) in the May 10 West Virginia presidential primary.

Carter said he could not speak for the national Teamsters Union.

"You'd better check with them."

In Washington, Teamsters national headquarters said it had endorsed no one in the Democratic presidential campaign.

Carter said the state council's endorsement was being mailed to all Teamsters Union members this week.

Humphrey said in Washington word of the Teamsters backing in West Virginia was "news to me."

"I am always pleased when I get the help of honest working people," he added.

Humphrey said he had had no help from the national Teamsters organization and he wasn't going to seek any.

Cheryl Crane Still Missing

LAS VEGAS, Nev. (AP) — A young girl arrested for vagrancy Sunday said she was Cheryl Crane—but later denied she was Lana Turner's runaway daughter, police said.

The girl was arrested with two other girls in downtown Las Vegas. She refused to talk over the telephone to Cheryl's father, Steven Crane, a Beverly Hills, Calif., restaurateur.

When Crane, second of Miss Turner's four husbands, learned that the girl wasn't Cheryl, he asked a newsman: "What do I do now? Could she have gotten across the Mexican border?"

Said Miss Turner, who had spent the day by her phone at Palm Springs, Calif., "I'm heartsick. Now we just don't have a clue."

A former Los Angeles newsman who covered 1957 court hearings in which Cheryl was a key figure said he saw all three girls in the police station and "there's no possibility that one could be Cheryl."

Police Sgt. Roy Carlyle said the girl apparently "just decided to go along with the act" when police suggested she might be Lana Turner's daughter.

Cheryl, 16, and two other teenagers fled from a county-operated home for girls in Sylmar, Calif., Friday night. She had been placed in the minimum-security El Retiro Home for Girls six weeks ago for what her actress mother termed psychiatric therapy.

SAC PLANS JET COMMAND POSTS IN SKY

Would Be Substitute Headquarters In Attack

OMAHA, Neb. (AP)—The Strategic Air Command said Sunday it plans to send aloft aerial command posts to avoid the possibility of a knockout blow on its headquarters from enemy missiles or planes.

SAC disclosed three KC135 jet tankers are being converted and equipped with advance radio facilities to make it possible for a senior officer aboard to keep in touch with the Joint Chiefs of Staff, SAC bases and other SAC aircraft.

• • •

The flying command stations could assume key functions of SAC's underground command posts at Offutt Air Force Base near Omaha.

Gen. Thomas S. Power, SAC chief, told members of the Aviation Writers Assn. Sunday that while the underground installation could withstand the impact of nuclear bombs in the area, it could not withstand a direct hit.

He said there are other ground command posts, but declined to say how many or where they are.

In the event of an attack, Power said, "it would take only a few words—that's all"—to tell the SAC bomber force which one of its optional war plans to put into use.

• • •

One of the three converted KC135s will be on continuous alert after July 1, ready to take off within 15 minutes or less. One-third of SAC's jet bomber force is kept on ground alert also ready for takeoff on 15 minutes notice. KC135s can stay aloft about 15 hours, a SAC spokesman said.

SAC's present alert is termed a "ground alert." Gen. Power advocates an aerial alert in which part of the bomber force would be airborne and war-ready all the time.

Turk Premier Warns Against Demonstrations

ISTANBUL, Turkey (AP)—Premier Adnan Menderes declared Sunday night he is determined to put an end to any further demonstrations against his government. An army communique warned that arms would be used to back him up.

Istanbul was under a 24-hour May Day curfew. Troops guarded the city in which foreign ministers of the North Atlantic Treaty Organization are meeting Monday for a periodic review of Western defenses against Communist aggression.

Menderes' statement was broadcast by the government-controlled national radio and followed another strong warning against disorder issued by the military commander of Istanbul. Both implied that army troops were prepared to use arms to put down any further antigovernment demonstrations.

Menderes claimed the opposition Republican people's party incited last week's student riots in Istanbul, Ankara and Izmir "because the opposition is jealous of my achievements."

He charged the opposition intended to draw maximum attention from foreign newsmen in Turkey for the NATO meeting.

Chessman Enters Waiting Room As Deadline of Execution Nears

SAN QUENTIN, Calif. (AP)—Calm and composed, Caryl Chessman went to a small prison waiting cell Sunday, starting a suspenseful all-night vigil next to San Quentin's gas chamber. The hour set for his ninth date with death is 10 a. m., Pacific Daylight Time Monday.

★ ★ ★

Only two hours before that seven California Supreme Court justices will convene to give their decision on the convicted sex kidnaper's latest petition for a stay. The court has voted 4-3 three times against clemency.

In Sacramento, Gov. Edmund G. Brown, rejected appeals for a repreve. He told a group including Steve Allen, Marlon Brando and Shirley MacLaine, film and television stars, that to grant their request to stay Chessman's death while petitions circulate to put abolition of the death penalty on the November ballot would be an abuse of his power and violation of his conscience. "The matter is in the hands of the State Superior Court," he insisted.

★ ★ ★

ALLY FOR CHESSMAN AS TIME RUNS OUT—Caryl Chessman receives a visit at San Quentin, Calif., from Marie Bonaparte, 79, great-grand niece of Napoleon. A magazine writer, she interrupted a trip home to Paris from Japan to plead with California Governor Edmund Brown for Chessman's life. The latter is scheduled to die in the gas chamber today.

• • •

He turned down A. L. Wirin, American Civil Liberties Union attorney who flew from Los Angeles to plead that Chessman should be reprieved until a new Supreme Court justice takes the bench June 1, after which a new appeal might receive a change from the 4-3 vote which three times has turned Chessman down.

"The situation never looked grimmer," Wirin said as he emerged.

• • •

Chessman's new petition, asserting innocence, was filed Saturday and asked delay in the execution until attorney general's investigators could find three men Chessman declared could prove he was not the 1948 "red-light bandit" of Los Angeles lovers' lanes.

The attorney general's office said agents were looking around the clock for the three men.

• • •

As Chessman was moved to his waiting cell, he showed few signs of this turmoil.

He spent three hours Sunday morning with an attorney, Rosalie Asher, then engaged in a 90-minute exercise period with other condemned men.

He played cards for a bit and walked and talked with the other prisoners.

At 3:30 p. m., three officers escorted Chessman from death row, on the sixth floor, down to the waiting room, 30 feet through a steel door from the chamber itself.

• • •

When he left his cell, he shook hands with 17 of the condemned inmates and told them, "I'll see you in the morning." An officer said that was a standard remark for men taking the six-floor trip.

One inmate was asleep. Chessman did not wake him.

He was sorting and thumbing through his papers when the officers arrived. Some of the papers he destroyed, others he packed. He also returned some law books to the prison library.

• • •

Chessman passed up the noon meal, settling for coffee, milk and a dish of ice cream.

He also turned down the routine offer of his choice of a final evening meal, ordering instead sandwiches with coffee later.

There is no television in the waiting room, but the inmate, San Quentin prisoner for 12 years, has a record player, radio and books.

Sunday was the second time Chessman has been in the holding room. The other time was Feb. 18.

Two guards were assigned to be with him through the night. Warden Fred Dickson and two associate wardens, Louis S. Nelson and Walter D. Achuff, planned to visit with him as long as he might want them.

Chessman could tune in a radio for any news developments on his case.

• • •

Chessman, 38, was convicted of the January 1948 kidnaping and sexual abuse of two Los Angeles women. He was given a death sentence for each of the two offenses, among a series of crimes by a red-light bandit who used an automobile spotlight to give the impression of a police squad car.

George T. Davis, one of Chessman's attorneys, bitterly protested when told the Supreme Court would not act until Monday morning. The court first set the hour for 9 a.m. and then advanced it to 8 a.m.

"I feel that for the court to wait until 9 a.m. Monday is the quintessence of cruel and unusual punishment."

Ike Is Hanged in Effigy At Tokyo May Day Rally

By THE ASSOCIATED PRESS

The Russians marched soldiers, tanks and rockets through Moscow's Red Square.

Tokyo demonstrators hanged President Eisenhower and Prime Minister Nobusuke Kishi in effigy.

Cubans thronged by the thousands into Havana to hail Prime Minister Fidel Castro.

Carnival reigned in Peiping, Red China's capital.

In these and other cities, millions turned out Sunday to celebrate May Day.

• • •

Parades, rallies and speeches marked the holiday, a foreign equivalent of the Labor Day that the United States and Canada observe the first Monday in September.

Jack-booted troops and armored units of Communist East Germany's 110,000-man army marched through East Berlin in a parade that U. S., British and French commandants in West Berlin declared in a statement to be "a threat to public order."

Mayor Willy Brandt of West Berlin drew cheers from 700,000 West Berliners at a rally in front of the old Reichstag building with defiance of Soviet threats to the city and a call on the Western Allies to remain until Germany is reunited.

"Here stand and live men who have shown that they deserve the right of self-determination," Brandt said.

The Tokyo hanging of Eisenhower and Kishi in effigy was staged by one union at a rally whose dominant theme was opposition to parliamentary ratification of the revised U. S.-Japan security treaty.

Eisenhower, who is to visit Japan in June, was represented by a grotesque, leering puppet with big, pointed ears, monstrous yellow hands and bare feet. Kishi was depicted in an equally ugly way.

Police said about 210,000 persons attended the rally, at the huge Meiji shrine's outer garden. The May Day committee estimated 600,000 attended. Main slogans called for disarmament, restoration of Peiping-Tokyo ties, a five-day work week and higher wages.

The Soviet parade drew applause from the crowded stands. There was no display, however, of the frightening new weapons which Premier Nikita Khrushchev advertised in a speech to the Supreme Soviet last January.

Radio Peiping said the Peiping celebration was the biggest and most lively in the city's annals. It reported about three million Chinese took part, with firecrackers popping and music filling the air at the Gate of Heavenly Peace Square and other assembly places around the city. Portraits of Marx, Engels, Lenin and Stalin were up, along with those of Communist party Chairman Mao Tze-tung.

Phony Bomb Scares Delay 9 Flights

CHICAGO (AP)—In less than 24 hours, nine North Central Airlines flights have been disrupted by phony bomb scares.

Twice Saturday night a woman telephoned the threat, resulting in delayed departures for six flights.

Sunday three more departures were delayed, for two hours each, by another call from a woman.

"Beware of a bomb on one of your planes," she said.

In each case, a search of luggage has produced no bomb.

Nixon Comments On Kennedy Religion

CHICAGO (AP)—"If Kennedy were elected president," Vice President Richard M. Nixon said Sunday, "he would put his country and the Constitution ahead of religion."

The Nixon comment came in response to a question touching on the campaign of Sen. John F. Kennedy for the Democratic presidential nomination. The Massachusetts Democrat is a Roman Catholic.

Nixon told an interviewer religion "is only a proper issue (in a political campaign) if a candidate has no religion."

Youth Goes on Trial for Slaying 62 Year Old Florida Grandmother

WEST PALM BEACH, Fla., (AP) — Dennis Whitney, the don't-give-a-damn teen ager who admits killing seven persons in a coast to coast holdup spree, goes on trial Monday for the slaying of his final victim, a 62-year-old grandmother.

The sullen 17-year-old from California said the shootings netted him a total of $500.

• • •

"I just don't give a damn," he told officers who arrested him soon after the killing of Virginia Selby of Hialeah. "I guess I'll get the chair or life. I guess I'll go to hell."

He admitted getting in Mrs. Selby's car in a Miami parking lot and taking her with him on an 80-mile drive northward to Jupiter, near here. He said she wouldn't leave the car and hit him with a hammer she pulled from under the seat.

• • •

So he shot her, Whitney said, and added her name to the list of three victims in Arizona, two others in Florida and one in California, all men.

Whitney, who quit school when he was 15 and has a record of arrests for theft and malicious mischief, left his Los Angeles home in February.

He said he killed a Victorville, Calif., service station attendant Feb. 12. He had tried to hold up the station and got angry when the attendant told him to "get lost."

He told police two of the three Arizona killings came after the victims made improper advances to him. The third man died when he tried to talk Whitney out of stealing his car.

There were two more shootings in Miami, Whitney said, both of them service station attendants.

WHAT DOCTORS SAY ABOUT: Better Health Through Knowledge

Meat Tenderizers

- Fissure or Fistula
- Wax Containers
- Rheumatism

Q. Would the frequent use of meat that has been treated with tenderizing powder have any harmful effects?

A. There seems to be no reason to believe that use of tenderized meat is harmful. The tenderizing powders, which are themselves harmless, partially digest meat (protein) and the products formed are those normally produced in the breaking down or digestion of protein.

Q. What is the difference between an anal fissure and an anal fistula?

A. A fissure is a slit-like, elongated, shallow ulcer. A fistula is a canal or tube-like abscess. Anal fissures often become infected and burrowing of the infection may result in formation of a fistula. Cure of a chronc anal fissure (or an anal fistula if one has formed) requires removal of all involved tissue and is mainly a surgical matter.

Q. Is it advisable to use food supplied in wax containers? I have heard that the wax causes cancer.

A. The Public Health Service and the Food and Drug Administration have studied this problem and the conclusion is that waxes used in milk cartons are harmless. Both federal agencies keep a pretty close tab on matters of this kind.

Q. I have heard that poke root soaked in whiskey is a sure cure for rheumatism. Please tell me all you know about this treatment.

A. So far as we can determine there is no scientific evidence that an alcoholic extract of poke root is of value in rheumatism (rheumatoid arthritis). The United States Dispensatory (1950 edition) states that poke root has been employed in chronic rheumatism but that there is "no satisfactory evidence that it is therapeutically useful and it is no longer prescribed by physicians."

Dispensing prescription is our profession. Prescription service is our specialty. Fair price is our policy. All recommend us to you.

Rhee Obeys Rules

SEOUL, Korea (AP) — Ex-President Syngman Rhee Sunday stopped for a red traffic light, possibly for the first time in nearly 12 years.

Accompanied by his Austrian-born wife, Francesca, Rhee was heading for his first church service since he resigned as president of South Korea last week.

While he was office, police cars with sirens screaming escorted Rhee through all intersections.

Bride-to-Be Attends Reception As Fiance Changes His Mind

OXFORD, Mass. (AP)—Pretty Luana Langway, 19, left waiting at the wedding altar Saturday, heard from her husband-to-be Sunday that he has changed his mind about getting married.

Police who had been conducting an all-night search found Raymond Lindberg, 18, at the home of a friend Sunday.

Police Chief Joseph R. Herbst quoted the youth as saying he didn't show up at the church because he decided not to get married.

The bride, members of the wedding party and guests had gathered at the appointed time in Trinity Lutheran Church at Worcester.

The bridegroom-to-be was supposed to arrive after a 70-mile trip from the Quonset, R. I., Naval Air Station, where he is serving a Navy hitch.

Lindberg's parents waited at home in Oxford until the last possible minute. Then his mother and father brought the youth's wedding attire to the church.

And they waited. And waited.

Finally, the Rev. O. Karl Olander, who was to have performed the ceremony, announced the bridegroom had been unavoidably detained.

The bride, her attendants, friends and relatives drove the 18 miles back to Oxford to wait at the Veterans of Foreign Wars hall where the reception was to have been held.

Miss Langway danced with the best man, Richard Christanson, and then went home to keep a vigil by her telephone.

The jilted bride said she spent a sleepless night.

Sunday, the police chief broke the sad news to her: Lindberg had changed his mind.

The police chief said Lindberg was seen in the automobile of another girl Saturday night.

The young sailor and the attractive Miss Langway live within half a mile of each other. They have known each other for years.

Said Miss Langway: "I didn't sleep a wink all night and this morning I waited for him to call. Every time the phone rang I said to myself, 'Let it be him.' He never called."

BOSTON (AP) — A Massachusetts state senator says "let's put woman back on her pedestal"—and he'll do his share by skirting the issue.

Sen. William X. Wall (D-Lawrence) said Saturday he soon will offer a proposal in the Massachusetts Legislature to prohibit women from wearing shorts and slacks in public.

"I'm not so old," said the balding senator, "that I don't appreciate beauty as much as the next fellow, but women in trousers lack femininity."

Wall's proposal would permit women to wear shorts and slacks on beaches and at resorts, but at no other public place in Massachusetts.

"Let's put women back on her pedestal," said the middle-aged senator who has a wife and four daughters.

It seems to me, when it cannot be helped, that defeat is great.—(Walt Whitman)

Why More Pious Pledges?

PRESIDENT Roosevelt and Prime Minister Churchill agreed in the Atlantic Charter (August 14, 1941), later approved by Stalin, to "respect the right of all peoples to choose the form of government under which they will live" and that they wished "to see sovereign rights and self-government restored to those who have been forcibly deprived of them."

The same Roosevelt, Churchill and Stalin signed at Teheran (December 1, 1943) "we look with confidence to the day when all peoples of the world may live free lives, untouched by tyranny, and according to their varying desires and their own consciences."

At Yalta (February 11, 1945) the same three leaders declared the "three governments will jointly assist the people in any European liberated state or former Axis satellite state in Europe to form interim gocernmental authorities broadly representative of all democratic elements in the population and pledged to the earliest possible establishment through free elections of governments responsive to the will of the people and to facilitate where necessary the holdings of such elections."

* * *

The same three leaders declared at Yalta "The Polish provisional government of national unity shall be pledged to the holding of free and unfettered elections as soon as possible, on the basis of equal suffrage and secret ballot."

In 1947 treaties were signed between the United States, Great Britain, the Soviet Union, Hungary, Bulgaria and Rumania declaring that the latter three countries "shall take all measures necessary to secure to all persons under Hungarian, Bulgarian and Rumanian jurisdiction, without distinction as to race, sex, language, or religion, the enjoyment of human rights and of the fundamental freedoms, including freedom of expression, of press and publication, of religious worship, of political opinion, and of public meeting."

In 1948 the United Nations resolved that the "will of the people shall be the basis of the authority of government. This will shall be expressed in periodic and genuine elections which shall be by universal and equal suffrage and shall be held in secret vote or by equivalent free voting procedures."

* * *

Until the provisions of these solemn pledges and binding commitments entered into by Roosevelt, Churchill and Stalin, later confirmed by the United Nations, are carried out in good faith, what reason is there for further pious declarations in the forthcoming or any future Summit Conference? Since old pledges have not been kept, is there any point to wasting time and money going through the farce of making new ones?

There is said to have been a great change in the government of the Soviet Union. If that be true, the way to prove it is for the Soviet government to start fulfilling the solemn agreements it has made; those mentioned and many more, including Litvinov's promise in 1933 to wash out the American Communist party, and the 1955 summit conference promise to join in reunifying Germany by free elections.

The only proper response to the Soviet request for a summit conference would have been and still is when existing commitments are fulfilled, we shall be happy to discuss further progress.

Medicine Men

THE majority report of the Senate Committee on unemployment reminds us of the scientist who developed a cure for which there was no known disease.

The report admits there has been no mass unemployment in recent years, and then recommends a number of measures to deal with the *non*-existent mass unemployment.

The majority would revise government policies to "stimulate" economic growth, but this recommendation amounts to little more than platitude.

Government can get in the way of economic growth by taking too big a tax bite, and it does. But government spending doesn't stimulate economic growth; it just transfers the demand from the private citizens to the government bureaus.

The proposal to set up Federal programs to aid distressed areas is likewise futile. If there is hope for profit, private enterprise will provide jobs in these areas.

Local business climate and labor attitudes figure strongly in this and are beyond the reach of Federal policy.

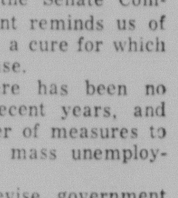
Dear Sir 'n' Brother:

Wal, I see by the papers where a fashion writer describes this Spring's feminine headgear as featuring "simpler" styles. In other words, the ladies' hats really look like hats.



An alligator's eyelids are transparent. No wonder he's such a light sleeper!

Wants GOP to Have More 'Guts'

Slogan for Republicans

To the Editor: If there's going to be a rebirth of enthusiasm in the Montgomery county Republican party as a result of the beating it took again at the Primary election, I, as a Republican, would like to see my party espouse a slogan with more guts to it than "Peace and Prosperity."

Communists and their friends tell us that the only alternative to our resorting to appeasement is nuclear war.

They intend to see that we believe it. However, students of communism note that the enemy's aim is never to destroy what he intends to take over.

Students of technology who have visited Russia say she is pitifully deficient in the machinery she says she has.

The Republican slogan should be something other than an echo of the other party's

Not "Peace and Prosperity," but "It's Time to Win the Cold War."

We can win it, if our leaders will let us.

Just as General MacArthur could have won the Korean War.

Pottstown RD 2 SANATOGA VOTER

Murderer

To the Editor: The careless driver with a car is deadly as the man with a gun, even more so, as many people can be involved, injured and killed.

Motor vehicles are machines that drivers must furnish the gray matter. With a very low percentage of mechanical failures, the drivers are to blame for this wholesale slaughter.

All law enforcement—state, county, and our city—must have cooperation of the drivers. More cautious, sound thinking, obedience of symbols, can erase this menace. All newspapers, all law enforcement, are to be congratulated for their interest to stop this slaughter.

Linfield SUFFERER

Cheap Skates?

To the Editor: Ice shows can be beautiful and exciting, but it's hard to see how they quality as instruments of national policy. The State department is sponsoring a touring ice show, which it hopes will dazzle the inhabitants of Africa.

Probably it will. The fun, music and graceful ballets should prove popular with the once Mau Mau-ridden folk of Kenya and the ragged fellaheen of Egypt. If they don't care too much for it, at least they will be cool while near the rink.

The cost to us will be $95,000—more than is sweated out of the average U.S. taxpayer in a troubled lifetime of withholding and form 1040

Meanwhile, a similar bit of State department show-biz has impressed the Russians. "My Fair Lady" is a hit there, as it has been everywhere else.

Now, there is no ideological message in this anywhere. The ice show is as free of politics as Uganda's apes. "My Fair Lady" is about another nation in another time. If we are trying to sell anything through such performances, nobody could guess what. It's the softest sell on record.

Do these "cultural exchanges" make for better relations between nations? Well, America's love of Beethoven didn't prevent war with Germany. Japan's enthusiastic addiction to baseball didn't deter the East Wind message which signaled the attack on Pearl Harbor.

American cultural attractions, privately sponsored, have toured abroad for years. It's possible to make money with a good show on the road, but when the State department is company manager we seem to be able to go into the red with the finest attractions.

It's something to think about when we hear the government isn't getting a large enough proportion of the national income for "needs."

Pottstown ANOTHER SUCKER

Just More Control?

To the Editor: According to our Washington "experts," some of our leading broadcasting networks and drug industries are a lot of crooks.

I am sure that the integrity of old companies will surpass some members of our Senate committees.

It will be interesting to see how long it takes the American people to realize that these phony investigations are merely a front for complete government control right down to the individual.

Boyertown AMEN

Social Hindrance

To the Editor: Organized charity is a social hindrance run by the most shallow and selfish of people.

It never occurs to these lords and ladies of the rattling cups that if vast numbers of our society are in want, then something is intrinsically wrong.

Charity sustains this wrong by giving a token assistance. A truly kind human being has no desire to "play God."

Instead he fights for a way of life wherein each would be given the opportunity to sustain himself with dignity and self-respect.

The Worry Clinic

By DR. GEORGE W. CRANE

TIMMY L., aged 3, is now in a hospital.

"Oh, Dr. Crane," his mother tearfully explained, "I feel terrible.

"I was getting dinner the other night and had a kettle full of goulash on a front burner of the stove.

"When I answered the telephone, Timmy reached up and seized the handle of the pan.

"He pulled it over on himself and was terribly burned. They say his condition is critical. Dr. Crane, I think I will die if he doesn't get well.

"Why did I ever answer that telephone, anyway?"

* * *

TIMMY'S MOTHER is expected to answer the phone, as you other mothers throughout America.

But all of you should teach yourself the simple safety habit of using the two back burners on your kitchen stoves before you employ either of the two front burners.

Most of you, even with toddlers in the house, forget this basic rule and thus endanger your children by placing your skillets or stew pans on the front burners.

Sooner or later, you will leave a handle extending outward, so a toddler may thus be tempted to reach up and grasp it.

Then terrible burns may result, some of which can produce the death of your youngster. Indeed, you adults occasionally knock a pan of boiling liquid over on yourselves, too.

* * *

SO MAKE it a standard cooking rule to use the back burners first.

Only if you need three or more burners should you ever employ the front burners:

And even then, please remember to turn the handles away from the front.

You should teach yourself such safety measures long before your first baby arrives so you will automatically do the right thing in a crisis later on.

In medicine, we train interns to follow the correct methods always so they will not need to think about such mechanical movements in an emergency.

Inside Television

By EVE STARR

STARR REPORT: The past Tuesday evening, a "network" of some 104 stations aired an hour-long documentary called "Race For Space," which had been put together by David L. Wolper Productions.

It told the story of the development of the rocket from around the turn of the century, when it was little more than a backyard toy until today when the mighty Atlas and Vanguard rockets have put satellite after satellite into orbit.

This was a well-documented film. It included clips obtained from Russia showing the launching of Sputnik I, films never before seen in the U. S. It also had some fairly critical words to say about the lagging U. S. rocket program. A government order was cited which actually banned the use of the word "space" for a long period of time.

* * *

CONCEIVABLY, this must be the reason why all three major networks—CBS, NBC and ABC—turned the film down.

Rebuffed on the network front, Wolper found himself a sponsor and went ahead with the tedious, time-consuming job of selling the film to individual stations, station by station, with a target air date of April 25.

As noted, he succeeded in lining up 104. That's a respectable figure, but not nearly the number of stations he could have had on one of the three networks.

* * *

THE FILM was "partisan" in that it obviously championed the cause of Wernher Von Braun and his Army rocket team. Von Braun is the brilliant young German rocket scientist who helped develop the deadly V-2 for Germany during World War II, which conceivably could have won the war had not Adolf Hitler had a dream in which no V-2's were reaching London.

Hitler promptly cancelled the V-2 program on the strength of the dream and never got around to reinstating it until it was too late.

After the war, von Braun was brought to the U. S. and put to work developing rockets for the Army. He soon became embroiled in a battle for supremacy with both the Air Force and the government's own civilian space program, a battle which, ridiculously enough, is still going on. But it was von Braun's Army team which launched the first successful satellite, Explorer I.

Interpreting The News

Busy Week Ahead For Primaries

By THE ASSOCIATED PRESS

This will be a week full of presidential primaries. And it will be a week in which to watch for more signs of a brewing election year battle between President Eisenhower and the Democratic Congress.

Democratic leaders already have sent word to Eisenhower that even the nearness of this month's summit conference will not deter them from striking back if he tries to tie a do-nothing tag on Congress.

The big West Virginia primary showdown between Sens. John F. Kennedy (Mass) and Hubert H. Humphrey (Minn.) in their battle for the Democratic presidential nomination is still a week away—May 10.

But this Tuesday there will be primaries in the District of Columbia, Alabama, Florida, Indiana and Ohio; and in Texas on Saturday. Republican conventions will pick delegates in Alaska and Nevada next week and Democratic conventions will pick delegates in Rhode Island and Michigan.

* * *

In Indiana, Kennedy and Republican Vice President Richard M. Nixon will be running on their parties' separate presidential preference ballots. Kennedy is sure to pick up 34 convention votes and Nixon 32.

In Ohio, there will be two slates of votes for Democratic national delegates, both committed to Kennedy—assuring him of 64 convention votes. The 56 Republican convention votes from Ohio are Nixon's for sure.

The District of Columbia Democratic preference primary will provide a small-scale battle between Humphrey and Sen. Wayne Morse of Oregon for nine convention votes. Eight votes at the Republican convention are committed to Nixon.

Alabama's Democratic primary will have some bearing on the possible Los Angeles convention battle over civil rights. In nominating candidates for presidential elector, the voters choose between loyalists sworn to support the national party and independents threatening another revolt similar to the States Rights uprising of 1948. The voters also will choose 56 delegates to the Democratic convention and will nominate other officials.

* * *

Florida and Texas will hold primaries to nominate candidates for next fall's state elections.

In scattered selection of convention delegates last Saturday, Salt Lake City Mayor J. Bracken Lee —who became a self-styled independent conservative four years ago — was rebuffed by the Utah GOP convention. It refused to name him as national convention delegate and instead picked two of his enemies, Gov. George D. Clyde and former Salt Lake City Police Chief Cleon Skousen.

The Utah GOP convention picked 8 delegates-at-large and 14 alternates. The eight will join the state party chairman and vice chairman and four regular delegates—picked earlier in the day from Utah's two congreesional districts—in casting Utah's 14 convention votes.

ALL AROUND THE TOWN

Home for Coach . . . Send a Cheery Card! . . .

★ **DWELLING** — Charles K. Harclerode and his wife **Helen** will have a new home to live in when he comes to this area to take over the football coaching duties at Pottsgrove High school in the Fall. **Richard Smith** and **Kenneth L. Emes,** the area contractors who are developing Grandview Manor's development, have been contracted to build the Harclerodes a new, split-level, six-room stone home on Belaire road in Lower Pottsgrove township. **Harry L. Daylor,** the Pottstown realtor, arranged the deal. The home will be the last house in the Grandview Manor development, as all other lots have been developed. Smith and Emes then will transfer their activities to Laurelwood road in Chester county. The Harlerodes come to Pottsgrove from North Wales. . . . **Barbara Johnson,** daughter of **Mr. and Mrs. Karl S. Johnson,** 864 North Evans street, was chosen as one of the outstanding Sophomore women at Penn State university. She's vice president of the education student council here.

* * *

SUNSHINE CORNER — Charles E. Jacobs, 107 High street, former Pottstown (Third ward- councilman and popular boniface, had one of his legs amputated in an operation at Pottstown hospital. He is recovering nicely, but words of cheer from his countless friends would help a lot. A cherry card, an uplifting word will help a lot. . . . Two prominent churchmen of St Peters road, Chester county, attended a session of the board of Christian education and publication of the Evangelical and Reformed church in Philadelphia last week. They were the Rev. Edward L. Schlingman and Carl A. Bade.

* * *

★ **EXAGGERATED** — Don't worry! **Jack Case,** the Pottstown borough hall engineer, hasn't claimed his wings! But the current Elks club bulletin makes it appear that way when it says: "Now that Brother Jack Case has passed on to the great beyond" before explaining that this limbo is the past exalted rulers' association! Keep well, Jack! . . . Three from St. Gabriel's Episcopal church, Douglassville, will attend the 89th annual convention of the Episcopal diocese of Bethlehem in Allentown this weekend. They are the **Rev. Woodrow Allen Jr., Walter Bradley** and **Raymond S. Elliott.** . . . This is what politics does: Senator Hubert Humphrey, stumping for the Democratic presidential nomination, supplies for free for his staff in Washington five different kinds of vitamins every day. In addition, each staff member takes a 20-minute walk every noon. Now you know why he's the peppy kind!

* * *

TIME OF YEAR FOR IT — Any baseball team could use a man who plays every position superbly, never strikes out, never makes an error. But there's no way to make him drop his hot dog and come out of the grandstand. . . . A redecorating idea comes from France—his and her breakfast nooks. The originator of the idea is not an interior decorator, but a physician. His aim is to preserve marital harmony in the face of what he calls a major, but underrated, cause of strife—breakfast table tension. He believes most people are not equipped to cope with the problems of personal contact before or during the first meal.

* * *

★ **BOON?** — Maybe Pottstown should be happy with its hard water. The hardness or softness of drinking water may be related to heart disease death rates, known to vary widely in different parts of the country, The Insider's Newsletter reported. Dr. Henry A. Schroeder, Dartmouth medical school, advanced this theory after a study of the numerical relationship of deaths from heart and circulatory ailments to consumption of hard and soft water in all the states and the District of Columbia. The study, which took in 163 cities, showed the lowest heart death rate in New Mexico—290.2 per 100,000 people—where water tested ranks third hardest after South Dakota and Nebraska. In South Carolina, where the water is second only to Oregon in softness the highest cardiovascular death rate of 511.4 was reported in the three years analyzed. To pinpoint the relationship Dr. Schroeder lists three questions which must be answered: 1) Do minerals which make water hard have a beneficial effect? 2) Is there something harmful about soft water? 3) Is the fact soft water picks up harmful metals from pipes more readily a factor?

Your Health

By HERMAN N. BUNDESEN, M. D.

ARE YOU happy with your job?

If not, why not?

Let's take a look at the problem; maybe we can help.

Some persons appear to be more subject to job stress than others. Often these persons are slender, tall and somewhat undernourished. They have low blood pressure, cold hands and feet and are apprehensive. They may even have an ulcer, too.

Chances are, their fingernails are often well-chewed and there probably are heavy cigaret stains on the fingers. Most likely, they have changed jobs frequently.

Does this description fit you?

Early symptoms of job stress include frequent absenteeism, tardiness, too many trips to the washroom, the company bulletin board or out to have a smoke.

You may visit the firm's doctor often, complaining of headaches, fatigue, nervousness, weakness or an upset stomach.

Finally, the symptoms most likely to be noticed by your boss—more errors, a poorer quality of work.

Now let's see what some of the things are that are likely to cause them.

Perhaps the job isn't enough of a challenge for you. Maybe you aren't satisfied with the work you are given to do or with the opportunities for advancement that are available.

It might be that you don't get adequate praise from your superiors. Sometimes a compliment about his work will do as much for an employe's morale as a raise in pay.

The 52nd Rohrbach family reunion scheduled for June 5, will also mark the 20th anniversary of the dedication of the Rohrbach Memorial chapel.

A dual committee representing the various Huff's church organizations and the Rohrbach Family association are preparing a program appropriate for the occasion.

The program will eulogize the late Professor David Rohrbach, donor of the edifice, and testimonials of how the facilities of the Chapel have helped the various church organizations.

Invitations have been sent to a group of celebrities who not only knew the donor, but who have witnessed the value and place of this community building down thorugh the years.

NEW PASTOR GIVES FIRST LOCAL SERMON

Rev. John E. Moyer Heads Trinity Church

"Taking Our Christian Faith Home" was the title of the first sermon delivered by the Rev. John E. Moyer in his new pastorate of the Trinity Evangelical Congregational church Sunday morning.

The Rev. Moyer, successor to the Rev. Benton M. Zettlemoyer who has been transferred to Lehighton, spoke to 135 persons at the 10:45 o'clock service.

The pastor's first sermon coincided with his 28th birthday. The Sunday school members sang "Happy Birthday" to him.

The Rev. Moyer is a 1950 graduate of Allentown High school and a 1954 graduate of Moravian college. He graduated from Temple university School of Technology three years ago.

Licensed to preach in 1950, he was pastor of Catasauqua in 1954 and at Columbia from 1955 until coming to Pottstown.

The pastor will move to Pottstown on Thursday with his wife, Dorothy, and their 4½ year old son, John Peter.

The Rev. Moyer will teach the Friendship Men's Bible class and Mrs. Moyer will teach the Rainbow Ladies Bible class.

Revival Services Are Continuing

The Full Gospel church of Englesville will begin its second day of revival services today at 7:30 p. m.

The Rev. Neill Linsenby, pastor of the church, introduced the Rev. and Mrs. Virgil C. Johnson Sunday night as evangelists who will conduct the week long services. The couple is from Richmond, Ind.

Special singing and prayers for the sick and afflicted are given nightly. Saturday, a missionary rally featuring a sound color film will be held.

We have a wonderful collection of fine pictures, console sets, wall pieces, mirrors.

WEDLOCK LONG DISTANCE

RICHMOND, Va. (AP) — Attorney General Albertis Harrison says marriage by long distance telephone apparently is legal even when the bride and groom are separated by the Atlantic ocean.

His opinion was given to Garnett Moore of Pulaski who asked in behalf of an airman whose marriage to a French girl by telephone was rulled illegal by the Air Force. Harrison found no statuatory requirement that the bride and groom be in the presence of each other.

First Church of Scientist Has Guest Speaker

"Freedom from fear, disease, and limitation is practical here and now" the congregation at the First Church of Christ, Scientist, were told Sunday afternoon.

The speaker was J. Hamilton Lewis, of Concord, N. H., a Christian Science lecturer who is on a speaking tour of the sect's churches throughout the United States.

"The poise, calm and buoyancy so universally desired can be gained," he said, "through spiritual understanding of God's all-presence and all-power.

"The fears that beset man kind today, including the terror generated by the belief of total destruction epitomized by the hydrogen bomb, can be removed by the understanding that God preserves all that is real and good," Lewis continued.

"Christ Jesus showed us how we can master the suggestions of evil and in doing so bring freedom from fear—fear of lack, fear of destruction, fear of a power apart from God. He proved that the will yields to the divine as we insist that the divine will governs."

"In Christian Science we pray for the spiritual awareness of God's ever-presence and of man's true selfhood experiencing, right now, God's tender care and healing love.

"This spiritual awareness becomes conscious communion with God, and this communion is unceasing prayer which fills thought with such peace and security that fear is completely vanquished."

President of Methodist Bishops Is Salty, Down-to-Earth Type Man

By GEORGE W. CORNELL
AP Religion Writer

On the day that Gerald H. Kennedy was consecrated a Methodist bishop, he showed up for the ceremonies with a hand in splints. He had broken it the day before in a baseball game.

That's a clue to the kind of salty, vigorous man who this week took over the top post in the nation's largest Protestant church.

* * *

Installed as president of the Methodist Council of Bishops, the 52-year-old Californian now takes up his new job's first official duty a rugged one: Presiding over the church's massive, once-in-four-years general conference.

It opens in Denver next Wednesday, with more than 2,000 legislative proposals on the agenda, including the boiling issue of whether to continue the church's segregated jurisdictional system.

Bishop Kennedy, faced with a heavy role of leadership in the 10-million-member church, is not one to dodge the difficulties. In his view, any clergyman, to be true to his calling, has to have a full measure of grit.

"Unless he is tough, he will not long remain the servant of God," he says.

* * *

With all his down-to-earth candor and decisiveness, Bishop Kennedy is a keenly learned man, a PH.D., who devours books—six or seven of them a week. He has written 13 of them, and is one of his church's ablest phrasemakers.

"The preacher must be more than a bungler with good intentions," he says. "All of us must learn to tell our story so that it will be heard."

Born in Benzonia, Mich., Bishop Kennedy grew up in California, where he spent much of his career as professor and pastor before becoming a bishop in 1948. As bishop of Los Angeles, his area includes Southern California, Arizona and Hawaii.

* * *

He is a lanky, handsome man, with relaxed manner and easy smile. As a straight-talking activist, he reflects a traditional quality in Methodism — laboring for the Lord's will here, as well as hereafter.

But he spurns the old optimisms about eventually perfecting the world, and he also has no use for the peddling of religion as a means of comfort and earthly success. "A spiritual aspirin tablet," he calls it.

* * *

Nowadays, he says, "churchgoing has become the 'thing to do'," but he adds that the task of turning this fashionable religiosity "into a real spiritual awakening" still remains. In point, he quotes Luke 6:26:

"Woe to you, when all men speak of you, for so their fathers did to the false prophets."

* * *

To Bishop Kennedy, Christianity is a rugged, blazing course both of faith and deed, quite different from the mere sentimental consolation some people make of it, and a minister must be a hard realist to convey its force.

"If a man cannot begin with the worst and face the facts, he will not make much of a preacher," he says. "He will float around on a cloud and mouth sweet nothings which make him a joke to anybody with red blood."

Much church devotional material, he says, "is shallow and meaningless tripe that makes me sick to my stomach."

* * *

With his literary bent, the bishop reviews several books weekly for church publications, and has conducted regular radio programs on books over western and midwestern stations and the ABC network.

In a recent address, he likened ministers to newspaper reporters, and said both have to resist pressures to slant the truth.

Society wants its interpreters to exaggerate some things and minimize others," he said. "The preacher will find influential men shaping him to their service, if he is not careful and alert."

* * *

Concerning the smouldering issue in his church of whether to continue a segregated, all-Negro jurisdiction, he says he would not favor its "sudden elimination" if this meant dividing the church.

"We must press forward as fast as it is possible," he adds, "until every man enjoys an equal opportunity, an equal respect and an equal freedom."

"Racial prejudice," he says flatly, "is unchristian.

"If we continue to match great principles with little practices, we will lose the respect and leadership of the world. When I consider how our racial hatreds are interpreted around the world, I shudder. God has brought us to a time when we will either practice what we have been preaching, or we will go down."

St. Gabriel's Lodge Plans July Festival

The St. Gabriel's annual festival will be in July, 38 members of the lodge were told Sunday at the regular meeting.

No exact date has been set, however, festival committee chairman Jerry Ottavanio said.

Five new members were accepted into the lodge and a new ladies' auxiliary was approved.

President Sebastian Colatosti, who presided, said there will be 24 representatives at the Montgomery County Clubmans association banquet Saturday at Maria Assunta lodge.

A Woman's Place Is In the Kitchen

(Continued From Page One)

two years—working at it three days a week and going to school to learns things like diets and menu planning two days a week."

"Then you had to pass a very strict test given by the State," he remembers.

Lehman, who will be 66 on July 8, passed the test, and immediately left for America. He began his career in Philadelphia and also worked in Wilkes-Barre before returning to Philadelphia and the noted dining room of the St. James hotel.

In 1920 he and his wife purchased a small farm on the outskirts of Pottstown, combining the life of a gentleman-farmer and a tempter of palates in Philadelphia.

A chance remark by the real estate agent who had sold him the farm sent him to The Hill school where he was immediately hired as chief chef.

* * *

"THE DIFFERENCE between institutional cooking and being a chef at a hotel," he says, "is that in a hotel one prepares many different things in the same day, while in the institution one prepares one thing one day and a different thing the next."

"So in the end there is nothing really different," he explains. "You get to cook everything."

But there is one difference the housewife would recognize right away—the difference between preparing an egg souffle with two or three eggs and the egg souffle with more than 1400 eggs.

Another difference that might make the housewife more aware of what Lehman calls the "slight differences between home and institutional cooking" is a typical menu.

* * *

FOR DINNER there might be French string beans (a few hundred pounds will be sufficient), boiled potatoes in cream sauce (500-pounds if the boys aren't too hungry), and pork chops (1400 medium size ones should be sufficient).

A dinner such as the one described would take about three or four hours to prepare, Lehman says, even with the staff of 12 in the kitchen. The 12 include the assistant chef, Raymond Herbig, who will become chief when Lehman retires in June.

Herbig considers his boss "one of the best."

"The best compliment I can give him is to say that," Herbig explained. "They just don't come any better than him."

* * *

LEHMAN doesn't feel there is much difference between what children go for today and what they went for 30 years ago. "Steaks are still too expensive and ice-cream bad for the teeth," he explained.

There was a difference between European cooking and American cooking that he had to become accustomed to when he came to this country in 1911. "The European cooking used much more wine and spices than American cooks did," he noted. "The Americans wanted more basic foods without the sharp tastes."

Lehman admits that nothing appeases the appetite of a growing boy — and says boys used to crawl through a small opening in the wall to enter the kitchen at night.

But he wonders why they don't learn that everything is kept locked. "They keep coming back every year, and every year they find that there is nothing to eat."

"They never learn, but I guess boys will be boys," he laughed.

A QUESTION OF DEGREES IN DRESS—Three students of Barnard college in New York differ in their campus attire as a request came from the administration that they wear skirts to classes. Barnard President Millicent C. McIntosh said concern for the appearance of the girls was responsible for the request. From the left, Terry Rogers represents the slack set, Barbara Holtz likes a skirt best anyway and Shelley Rapp feels shorts are just right. A student spokesman said the students were hurt at the criticism of their discretion in dress.

Soviet Man in Space Seen Before Summit

WASHINGTON (AP) — The Soviet Union may try to put a man in space before the May 16 opening of the Big Four summit meeting in Paris, Sen. Henry M. Jackson (D-Wash) said Sunday.

"They have been very quiet in the space field and I'm certain that (Soviet Premier) Khrushchev's sense of timing will once again be in the picture prior to the summit meeting," said Jackson in an interview.

Jackson is chairman of the Senate subcommittee on national policy machinery, which has been holding hearings on the state of American science and technology.

Men Freed Under Bail For Assault Hearings

Frank Jobeck Jr., Cedarville road, North Coventry, was released in $300 bail Sunday night for a hearing at an undetermined time before Justice of the Peace Raymond C. Kelley on a charge of assault and battery.

Jobeck was arrested Saturday afternoon. A warrant for his arrest was sworn out by Edward Eckenrode, 560 High street.

Eckenrode, who was treated at Memorial hospital early Saturday morning for a cut of the upper lip, was arrested late Sunday afternoon and charged with assault and battery. That warrant was sworn out by Jobeck.

Eckenrode was released in $100 bail for a hearing before Justice of the Peace Earl Strange tonight at 7 o'clock in borough hall.

As of the first of January 39 persons were awaiting treatment. Twenty of them were children.

During 1958—the first year the clinic operated—96 persons received treatment.

The clinic is located at 635 High street. Its services are available to all, regardless of ability to pay.

The Pottstown Senior High School choir, under the direction of Edward O'Neill, entertained.

Wilfred Binder played the organ during the meal.

The Rev. Henry J. Smyth, assistant rector of St. Aloysius Catholic church, gave the invocation and bendiction.

Accident Victim Is 'Satisfactory'

A Boyertown man injured in an accident reported Saturday in The Mercury was in satisfactory condition Sunday night at Pottstown hospital.

Carl Talley suffered cuts above the right eye, on the right ear and lower back early Saturday morning when his car sideswiped a tractor - trailer truck owned by the Clyde Beatty Circus on Route 100 in Little Oley. The auto then veered into a deep gully on the left side of the highway and overturned.

Talley was taken to Pottstown hospital in the Boyertown Community ambulance. He was admitted at 2:20 o'clock.

The driver of the truck, Orville Pierson, Sarasota, Fla., escaped injury. Damage to the truck was estimated at $50.

Douglass (Berks) township Patrolmen Edgar Bush and George C. Bush investigated.

of about $150 to each of the participants.

The trip to New Mexico and the return home will be a separate adventure for the youths as they visit and stay overnight at six U.S. Air Force bases and U.S. Army posts. The bases will be toured as time and security regulations permit.

Included on the itinerary are: Ft. Bragg, N.C.; Dobbins AFB, Ga.; Little Rock AFB, Ark.; Ft. Sill, Lawton, Okla.; Ft. Riley, Kans., and Lockbourne AFB, Columbus, Ohio.

The group will leave from King of Prussia at 6:30 a. m. on July 8, and expects to arrive at the Philmont ranch July 12. Eleven days will be spent at the ranch.

* * *

ON JULY 23 the Scouts will go to La Junta, Colo., to witness the Kiva, an Indian war dance performed by the La Junta Explorer post which has become famous throughout the midwest.

The next day the youngsters will attend the fifth annual National Boy Scout jamboree at Colorado Springs.

On the return trip the Pottstown and area youths will visit the Beaumont Scout reservation near St. Louis. The group will arrive at King of Prussia July 28.

The Scouts already have begun training for their 4200 mile excursion. One Saturday they took a "shakedown" hike of 15 miles along Horseshoe trail, from Nantmeal Village to Devault. The trip was designed to accustom the Scouts to hiking as a large group and to permit them to become acquainted.

* * *

AN OVER-NIGHT hike is scheduled for May 21-22 on another section of Horseshoe trail and a final get-together will be on the first weekend in June at the Delmont Scout reservation near Sumneytown.

The expedition leader for the Continental district will be David S. Emery, Gilbertsville road.

The other leaders and the boys in their groups are as follows:

George O. Rhodes Sr., 230 Wilson street, leader; Barry Bell, and Kenneth Kulakowsky, both of Gilbertsville RD 1; Richard Mann, 940 Logan street; Terry Evans, 11 West Eighth street; David Heffner, 246 Walnut street; Bryce Manthorne, 221 West King street; Robert Ellis, 24 Beech street.

Rodney Grow, 265 Beech street; John Slifer, 130 East Fourth street; Dennis Brile, Pottstown Route 20; Gary Fisher, 263 Queen street; David Mathias, Bally Star Route, and Wayne R. Lender, 254 Manatawny street.

Chester J. Kanach, Pottstown RD 3, leader; Richard and Alvin Breisch, Royersford RD 1; Verne Merrell, Perkiomenville; John Kanach, Pottstown RD 3; Robert Mensch, Leslie Gerhart and Neil Hipster, all of Pennsburg; Robert Moser, 37 North Fourth street; Robert Umstead, 512 Gay street, Royersford; Donald Rorabaugh, 220 North Fifth street, Royersford, and John Bauer, Schwenksville RD 1.

George J. Leskowicz, 21 West Ninth street, leader; Berry Ewing, Donald Fisher, Kenneth Landis, Theodore Stoudt, Merritt Reish, Warren Fry and Conrad Bauer, all of Linfield, and Thomas Lloyd, Pottstown RD 2.

POLICE CHIEF TURNS OVER GUN, BADGE

sioners had no right to ask for his gun and badge until then.

AT THE same time, Victor J. Roberts, solicitor for the township, admitted that he had not been consulted before Guadagno was fired and hasn't studied the case yet.

"The commissioners haven't asked for my opinion," he said.

He explained that Friday or Saturday Mrs. Arline Yost, secretary to the commissioners, had notified him that she had received a letter from Guadagno's attorney and was forwarding it to him.

"I will study the details when the letter arrives," he noted.

The letter was evidently one forwarded by Mattei to the township commissioners requesting an itemized list of Guadagno's "neglected duties."

Mattei charged Saturday that "according to State law, Guadagno must receive written complaints against him and be given a chance to file written answers to the charges."

"There also must be a public meeting at which the entire matter would be aired," he continued.

GUADAGNO said Sunday that as constable "I have more power than a policeman has." For many years West Pottsgrove's only law enforcement was in the hands of two constables, unless State police were called in.

He also said that he hasn't received an answer from the township commissioners on his attorney's request for a "list of neglected duties."

The State police will patrol West Pottsgrove just as they do any other district, the officer-in-charge reported Sunday. "The patrols will just go through town more often than usual," he explained. "There will be no special officer assigned to the town."

'Coaching Is No Picnic,'

(Continued From Page One)

coach," Yohn exclaimed.

TOTAL INCREASES for all teaching contracts this year (the proposed 1960-1961 budget figures) amount to more than $35,000.

This does not include the coaches' request for a boost from $7105 to $9400 on 34 athletic coaching jobs, because at this point there is no provision in the preliminary budget for these raises.

Total teachers' wages on contract for 1959-1960 is $1,099,250. The proposed figures for the coming fiscal year is $1,130,000.

This schedule includes extra curricular duty pay, substitutes and home bound instruction. The evening extension course held this year, worth $3000, will be dropped, making a net total of $38,000 in increases for the term ahead.

All these salary increases must be approved by the school board. At the moment, they are techincally just figures set up in the budget.

THESE AMOUNTS include a raise of $1000 per annum for Havard Fosnocht, superintendent of schools, to bring his salary to $13,500.

It was reported authoritatively the other raises are: $500 for business manager and district secretary Linford Moyer (to $8300), $500 for Senior High principal Stanley I. Davenport Jr., $200 for Junior High principal William Mower, and lesser amounts to J. Robert Von Drach, Senior High vice principal, and Helen Purnell, Junior High vice principal.

School psychologist Lewis F. Maraffie also is listed for a raise, bringing the total increases for these seven to $2800.

One observer said, "There may be nothing out of line about these increases, but in this light, can the request by 16 coaches for $2295 more be ignored?"

The net increase for each coach—the 16 persons fill 34 different coaching staff positions—is $144.43.

Yohn agreed with the observer that coaches also should be given consideration when general teaching wages rise, and when administrators merit more money.

A MEMBER of the athletic staff mentioned that the pay for some of the coaching jobs is so small that it is sometimes difficult to find a coach.

"Apparently the school board didn't get any takers among the physcial education staff to coach Senior High girls' softball," the individual said.

"I guess they didn't want to be bothered with all that work for the pay ($150 for coaching the girls' softball team)."

Mary L. Schaeffer, the home and school visitor for the district, is now the softball coach. There is no raise in the softball pay requested by the coaches.

Yohn, who has been plugging over the wear for higher wages for coaches, said, "I don't think the coaches' wage proposal is even the least, little bit out of line."

"I think the coaches made a very fair request, and they are all grossly underpaid when it is broken down into hours," he added.

"What we must not fail to see is that each hour a teacher spends coaching is work over and above the line of duty, so to speak.

"The coaching salaries should certainly be up if teaching in general deserves an increase," he said.

car as it rounded a curve.

The auto veered to the right of the highway, shot up a steep bank, crossed to the other side of the road, sheared off a utility pole, plunged down a 20-foot embankment, struck a large tree and rolled over several times before landing upright.

Smith escaped with cuts of the forehead and face.

Chief Crum said the youth will be charged with being a hit-run driver and reckless driving.

Sunday morning Smith found himself with even more troubles.

When he went to the accident scene to get his car he found that someone had stolen the two front wheels and tires and the radio.

Woman Injures Hand In Front of Hospital

A St. Peters woman chose a convenient location at which to slam a car door on her right hand Sunday afternoon.

Stella Rivers, 75, injured herself as she was getting out of a car on North Charlotte street in front of Pottstown hospital.

She was treated at the hospital and released after six stitches were used to close the wound on her right index finger.

have been brief. Very probably he never left the water," he said.

The size of the fossil means that it grew to maturity, but one badly deformed horn tip indicates survival of an earlier accident, "possibly a nip from a hungry shark," Beerbower said.

He called the limestone bed where Diploceraspis was found "a graveyard of specimens" which yielded shark teeth, fish scales and other pieces of amphibian bone structure.

THE LIME mud in which they were fossilized "indicates an abundance of algae that provided the ultimate food source for this community," he said.

He added that discovery and study of Diploceraspis, like "hundreds of thousands" of other paleontological studies, has contributed to knowledge of the geologic past.

"Some paleontological discoveries, such as the microfossils in ol wells, are of direct commercial importance, "but all add to our total understanding of the origin, evolution and future of life," he said.

The Society was organized in 1951 at Franklin and Marshall college, Lancaster, by professors and students of mineralogy.

Presiding at the meeting was President George Butler, an attorney from Chestnut Hill.

Man Hurt When Auto Jumps Curb, Hits Tree

Raymond Shaffer, 780 North Adams street, suffered a cut of the lower lip Saturday at 4:05 a. m. when his car jumped the curb and plowed into a tree in front of 442 Walnut street.

Shaffer said he was attempting to pass another auto when the mishap occurred.

The impact of the crash snapped the tree off at its base.

Shaffer was treated at Pottstown hospital and released after seven stitches were used to close the wound.

Motor Patrolman Howard Smoyer investigated.

BOY INJURED

Thomas Horney, 11, of Pottstown Route 1, suffered cuts of the left ear and scalp Saturday morning when he was struck by a stick thrown by a playmate. The child was released from Pottstown hospital after 11 stitches were used to close the wounds.

FOOD KING SUPER MARKETS

Two Great Stores For One Great Town

267 HIGH STREET

MAIN OFFICE: CHARLOTTE & PROSPECT

CHARLOTTE & PROSPECT

Dear Mr. and Mrs. Public

As you know, for the past 2½ years, there have been two Food King Supermarkets to serve you. Unfortunately, we have lost the lease on our High Street Store, which means that, at least for some time, we shall have only the one market located in the North End at Charlotte and Prospect Streets. Since you are so important to us, we would like to feel that you will continue to shop with us and we'd like to explain our 7-point, 7-days a week program at Food King-North End.

(1). Just a few minutes from the center of town.

(2). Plenty of free parking on our large paved parking lot.

(3). The finest, freshest meats and produce in town.

(4). A complete variety of dairy products, frozen foods and groceries.

(5). Every item sold unconditionally guaranteed.

(6). New longer hours for your shopping convenience — from 9 A. M. til 10 P. M.—Seven days a week.

(7). And, of course, the Food King Tape Plan will continue exactly as in the past.

Again, thank you for your patronage. We'll be looking for you at Food King—North End. Remember our new longer hours.

OPEN EVERY NIGHT 'TILL 10 P. M.

Very truly yours,

Milton Litvin, Mgr.

Arson Suspected In School Fire

READING, (AP) — Fire Chief Russell Bowers says the possibility of arson in the burning of a downtown Reading grade school is being investigated.

Someone was inside the building at Elm and Moss streets Saturday when the fire began, Bowers said.

The board of education estimated damage from the blaze at $50,000, but said replacement of the 12 classrooms would cost more than ten times that amount.

The three-story brick building, built in 1901, was gutted.

One fireman suffered minor injury.

The alarm was given by an employe of a pretzel factory behind the school.

The school was one of 15 in the Reading district which the State Department of Labor and Industry had ordered improved to meet safety standards.

The 325 pupils probably will be sent to other schools for the remainder of the academic year.

WITH AN EAR TO THE SKY—Engineers Frank Mulligan (left) and Lawson Singer check specifications against the backdrop of a huge radar scanner at Montauk Air Force Station, N. Y. Mounted on an eight-story tower, the AN/FPS-35 surveillance radar antenna is 40 feet high and weighs more than 80,000 pounds. It was constructed by the Sperry Gyroscope company to feed position data on all air-breathing missiles and aircraft into high-speed computers. Intercept plans are then automatically calculated for the U.S. Air Force.

Steel Strike Cost Union $20,000,000

PITTSBURGH (AP)—The United Steelworkers spent about 20 million dollars during the 116-day nationwide steel strike last year.

USW Secretary-Treasurer I. W. Abel released the figure Saturday at the closing session of a two-day conference of the union's district 15.

Abel told the 300 conference delegates that the money was spent for negotiations, travel, aid to union locals and for expenses incurred in battling the Taft-Hartley injunction that halted the strike.

Union President David J. McDonald said he is convinced that strikes are becoming less effective.

"The steel companies today can make a profit operating at 30 percent of capacity," he said. "You could be out on the bricks seven day out of ten without making your pressure felt."

Rederick Renninger, Perkiomenville RD, called on Mrs. Katie Schwenk, Main street.

Harvey Boyer, Washington, D. C., son of Mrs. Pauline Boyer, North Main street, is spending several weeks here.

'Vocational Directions' Is Topic Of Joint Parent, Teacher Group

COLLEGEVILLE — Mrs. Donald Yerkes, corr., Phone Atlas 7-9103, Wm. Crosley, Del., Phone Huxley 9-7974.

A panel discussion on "Vocational Directions", was presented at the Collegeville-Trappe Parent-Teacher association meeting.

It was learned that from a pupils school record, an employer will consider the applicant's school attendance, his punctuality, and whether he has worked to his potential.

In an interview, an employer looks for good grooming, watches for mannerisms, attitudes and traits. Good communications are a "must" and good spelling was specifically emphasized. Employers are interested in the "gross potential" of applicants who are tested for positions.

During the business meeting, the projects committee presented recommendations which were accepted by the PTA allotting funds for the following: $200 for French lessons through TV for the Fourth and Fifth grades next year; $150 for an encyclopedia for the Elementary school; $1000 for band uniforms.

THE ANNUAL election of officers for the 1960-61 term was conducted with the following persons named: Mrs. James Lloyd, president; Thomas Lachenmayer, vice president; Mrs. Neil Tytler, secretary and Mrs. Alfred Leber, treasurer.

Installation of the officers will be at the next meeting May 19 in the High school cafeteria.

The 4-H Sheep club met at the home of Alan Brown in Center Square. The meeting was called to order by Frank Boll. There was a demonstration on docking lamb's tails in three different ways and pictures were taken of the demonstration for the club's scrap book.

Officers elected for the coming year were: Rocky Gates, president; Alan Brown, vice president; Barbara Middleton, secretary and Barbara Burhans, treasurer.

The club was also awarded a cup for having the best scrap book.

Popular Chester County Couple Shares 'Real Pleasant Life' for Half Century

By DOLLIE SMITH
(Mercury Staff Writer)

One of Chester county's most attractive couples, in appearance and personality, celebrated their 50th wedding anniversary Saturday with an open house at their home.

Mr. and Mrs. J. Oliver Houck, Elverson RD 1, were showered with cards and gifts when 180 friends, neighbors and relatives "dropped in" between 2 o'clock in the afternoon and 9 o'clack in the evening.

Snacks, punch, coffee and cake were served in the afternoon and evening. For guests who arrived at the Houck home between 4 and 7 o'clock,, there was a buffet luncheon.

The number of guests who expressed personal greetings to the anniversary celebrants indicated the couple's popularity in the area where they resided for the last 50 years.

They were married April 30, 1910 at the home in which they still live by the late Rev. John Thomlinson, pastor of Mt. Carmel Methodist church.

Mrs. Houck, the former Adeline Myer, is a daughter of the late Daniel and Ella Myer, West Grove.

Mr. Houck's parents, the late Mr. and Mrs. William Houck, lived in the farm house a few feet away.

The Houck's immaculate frame home, re-surfaced with insulated brick, was built by Mr. Houck's uncle on his father's land.

They purchased the house, still fairly new, prior to their marriage.

While unattached, Mrs. Houck taught school three years in Monocacy and one year in Knauertown. "At that time," she explained, "we didn't have to have a college education or degree to teach school. I took an examination in West Chester and began working in Warwick township."

Her classes were located in the almost extinct little red schooi houses and she instructed grades One through Eight.

She roomed with a neighbor of the Houcks where, as a young man, Mr. Houck used to cut wood, "I was aware that a pretty young school teacher was staying there," he laughed.

Their first formal meeting occurred when both attended Harmonyville Brethren church. A four-year courtship followed.

Mr. Houck pointed out that he didn't see too much of his fiance during the Summer months when she returned home. To continue the courtship, he was forced to travel to Gum Tree on the other side of Coatesville. "It cost too much money to get there, so we got married," he joked.

A veteran farmer, Mr. Houck also worked four years for Shoemaker's Bridge works. They moved from their "honeymoon cottage" for four years when Mr. Houck was farming in Harmonyville at the D. J. Kanauer farm.

A son, William D., Kimberton, was born there. A daughter, Frances and her husband, Jesse Buckwalter, live at home. The couple also has two grandchildren and one great-grandchild.

Mr. Houck is best remembered as manager of the Harmonyville store which closed in the last year. He worked there 26 years before he was retired a year ago.

As manager of a general store, he provided controversial entertainment throughout the day, served as filling station attendant and information bureau for strangers who passed through the area.

A once avid baseball fan, Mr. Houck now is an enthusiastic television viewer. He is a member of the Moose lodge in Pottstown. Both he and his wife are members of Mt Carmel Methodist church.

Commenting on their 50 years of marriage, Mr. Houck said, "It has been a real pleasant life."

Spring Theme Selected For Donor Luncheon

Mrs. Douglas V. O'Dell, chairman of decorations, has announced a Spring theme for the annual donor luncheon given by Pottstown hospital auxiliary Wednesday at Brookside Country club.

Pink tablecloths and purple pansies will be used for the event scheduled to begin at 12:45 p.m.

Beatrice Ponds, night blue and TV personality, New York, will present the program.

Music Professor Gives Recital at Emmanuel Church

Ludwig Lenel, professor of music at Muhlenberg college, Allentown, presented an organ recital in Emmanuel Lutheran church Saturday night.

The event was an annual Spring project of the Pottstown Chapter Women's auxiliary of Muhlenberg college.

Mr. Lenel presented a program which included compositions by Walther and Bach, as well as Mozart and a short composition of his own.

A reception was held following the concert in the church social rooms. Large bouquets of Spring flowers decorated the room for the event.

Mrs. Richard F. Pell, chapter president and Mrs. Clyde Griffith, chapter vice-president, had charge of the punch bowls. Pouring tea was Mrs. Leidy Gaugler, chapter secretary. Mrs. Harry Blackwell and Mrs. Harry Renninger were in charge of the social hour.

Mrs. William Waltemyer and Linford Richards directed the ushering service for the evening. Girls serving as usherettes were: Carol Richards, Joan Bauerle, Eleanor Solomon, Jean Kulp, Carol Haines, Betsy Mae Yocom, Shirley Mann and Lois Dennish. Approximately 175 persons attended the recital.

Wedding Anniversaries

Mr. and Mrs. Joseph Graziani, 106 Elm street, Stowe, 40 years.

Double Wedding in Trinity EC Church Unites Two Stowe Brothers, Fiances

Two Stowe brothers, Carl Robert and Charles E. Reidler, sons of Mr. and Mrs. Ralph Reidler, 304 Lemon street, Stowe, and their fiances, were united in marriage in double ring services in Trinity Evangelical Congregational church Saturday at 2 p. m.

Carl Robert wed Judith Lynne Feight, daughter of Mr. and Mrs. Paul H. Feight, 663 Walnut street. The Rev. Benton Zettlemayer, pastor of the church, officiated at their double ring ceremony.

Captain C. Robert Flinn, of the Salvation Army, officiated at the double ring marriage of Joyce Sweinhart, 8 Walnut street, and Charles E. Reidler.

Bouquets of white carnations daisies and pink roses decorated the altar for the occasion. Mrs. Carlton Koons was soloist and Charles Frymoyer was seated at the organ. Guests attended from Mahoney City, Tamaqua, Blue Ridge Summit and the Pottstown area.

The former Miss Feight, given in marriage by her father, chose a ballerina length gown of white silk organza. Her dress was styled with a lace bodice, a high collar, long tapered sleevfes and a full skirt. She wore a face veil secured to a crown of rhinestones. Her bouquet was white carnations and baby pink rosebuds.

Donna Feight, 663 Walnut street, attended her sister as maid of honor. She wore a pink and white floral print street length dress of taffeta. The dress featured a full skirt, short sleeves and a V-neckline. Her outfit was complemented with a pink feather hat. She carried a bouquet of white carnations.

Ralph W. Reidler, 623 Lemon street, Stowe, brother of the bridegroom, performed the duties of best man. Kenneth Kastle, Gilbertsville RD 2, acted as usher for the couple.

The former Miss Swinehart was given in marriage by her brother, John Swinehart. Her ballerina length white gown featured a silk organza skirt, a net bodice, high neckline and long tapered sleeves. Her veil and bouquet were identical to that of the first bride.

She was attended by her sister, Gail Swinehart, Reading. Miss Swinehart chose a blue dress identical to the other maid of honor.

Charles Gephart, Birdsboro, attended Charles E. Reidler, as best man. Seating the guests was George Guldin.

A reception was held for the two couples at St. Gabriel's lodge, Stowe. Mrs. Feight received guests in an orchid chantung dress with white accessories. Mrs. Reidler was attired in a green dotted swiss dress with white accessories. Both mothers of the brides wore corsages of white carnations.

When the couples left for a double honeymoon to Atlantic City, the former Miss Feight was wearing a black and white dress with white accessories. The former Miss Swinehart chose a navy blue suit with white accessories.

Upon their return, the former Miss Feight, will remain at home while her husband is stationed with the U. S. Army. She is a graduate of Pottstown High school with the class of 1956 and employed as a secretary for the State Correctional Institute at Graterford.

Charles E. Reider and his bride will reside at the home of the bridegroom's parents, 304 Lemon street, Stowe. She is employed at the Pottstown News agency. Mr. Reidler is employed by Nick Palladino brothers.

Members of the area group modeled cotton and woolen dresses. They also were responsible for table and stage decorations.

Attending from the Cedarville club were: Mrs. Maurice Keller, Mrs. Nellie Gaut, Mrs. Stanley Dilg, Mrs. Jessie Mock, Mrs. Monroe Austin, Mrs. Harry Bowersox, Mrs. Calvin Hughes, Mrs. Walter Bilger, Mrs. Leon Barto, Mrs. Laura Steele and Mrs. Fred Hinton.

Parents Called 'Weaklings' by Probation Officer

Chief Juvenile Probation Officer Peter J. Frascino addressed members of the Pennsburg Parent-Teacher association in the Pennsburg school building.

Mr. Frascino placed the blame for present juvenile behavior "squarely in the laps of the parents." He said that the State Welfare department spends large amounts of money on surveys and in the end the answer lies with the parents and in the home.

"Parents need to exert more authority," he said. "They are weaklings."

Reform schools, Mr. Frascino pointed out, take a novice offender and made a hardened criminal of him and charge the taxpayer thousands of dollars a year for each one.

A business meeting followed his talk. It was announced that elections of officers will take place at the next meeting, May 19. At that time Dr. Faith Baver will discuss nutrition and

VIRGINIA DORNER

Three Bridal Attendants Host Shower For Virginia Dorner to Wed May 28

Bridal attendants were hostesses at a pre-nuptial shower given to honor Virginia Dorner, daughter of Mr. and Mrs. Nicholas Dorner, 610 North Evans street.

The party took place at the home of Pearl Boyer, 621 Center street, Stowe. Co-hostesses were Mrs. William Mohn Jr., Levittown, N. J., a cousin of the prospective bride and Patricia Feight, sister of the prospective bridegroom.

Miss Doner will become the bride of William A. Feight, son of Mr. and Mrs. Paul Feight, 663 Walnut street, Saturday, May 28, in Trinity Evangelical Congregational church.

The guest of honor was seated beneath a pink lace-trimmed umbrella. Pink streamers which fell from the overhead decorations were attached to the gifts.

A pink and white decorated tiered cake was used as the table centerpiece.

Refreshments were served to guests: Mrs. Donald Hoff, Mrs. David Howe, Mrs. Robert Copenhafer, Mrs. Hamilton Bietler, Mrs. Peter Wilhelm, Mrs. Nicholas Dorner and Mrs. Paul Feight.

Gifts were sent by Mrs. Stanley Madeja, Mrs. Verna Liedenberger, Mrs. Ethel Knopp and Mrs. Ruth Wambach.

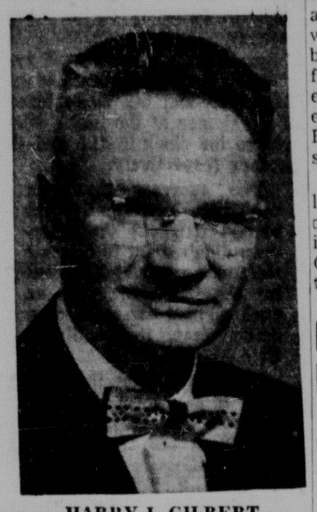
BOYERTOWN CLEAN UP BEGINS TODAY

Board of Health Planning Spot Inspections

RESIDENTS ARE URGED TO GIVE CO-OPERATION

Today marks the beginning of the annual observance of "Clean Up Week" in Boyertown. The period will end Saturday.

Members of the Boyertown Board of Health, along with the



HARRY I. GILBERT

health officer, Harry I. Gilbert, are urging all residents to cooperate in making the observance as successful as it has been in past years.

Several spot inspections will be made throughout the week by Gilbert and members of the board and if discrepancies are noted anywhere, property owners will be notified and necessary corrections recommended.

Hundreds Take Blossom Tour

The eighth annual apple blossom tour, sponsored by the Boyertown Junior Chamber of Commerce, was Sunday afternoon and attracted hundreds of persons despite the adverse weather conditions earlier in the day.

The tour began at 2 p. m., on Rittenhouse square, West Philadelphia avenue, Boyertown, with the newly crowned apple blossom queen, Mary Ann Panfile, leading the tour and followed by cars carrying her court of eight girls, all seniors of the Boyertown Area Senior High school.

The tour carried the girls, followed by visitors through miles of Boyertown area fruit orchards in cooperation with the Berks County Fruit Growers association.

Hospital Auxiliary Meets Tomorrow

The Boyertown Auxiliary of the Pottstown hospital will meet in the Boyertown Community center tomorrow night at 7:30 o'clock.

Guests and members will hear a speaker from the hospital personnel and music entertainment will be provided by Gloria Perks at the organ accompanied by Bonnie Herrlinger, accordionist. Miss Perks will also play the electric guitar.

Mrs. William E. Stauffer and Mrs. Lester N. Strunk will serve as hostesses for the meeting.

COMMITTEES APPOINTED BY LODGE HEAD

Rodman Stahl Named Chairman of Programs

Daniel Johnson, noble grand of Boyertown lodge 708, Independent Order of Odd Fellows, appointed various committees during a meeting in the Odd Fellows hall, 35 East Philadelphia avenue, Boyertown.

Those named by Johnson included: Refreshment, Russell G. Geiger, chairman; Harry Mellinger, William Bauer, Grant Moser, Robert Richard and Henry Hoffman; activities, Paul Shollenberger, chairman; Robert Graber, Edwin Eisenhart, Norman Y. Moyer and Ronald Gerhart.

The program committee consists of Rodman Stahl, chairman; Paul Shollenberger, Ralph Kershner and Leroy Ehst; delinquent committee, R. James Fegley, chairman; Titus Johnson, Russell G. Geiger and Charles Y. Moyer.

Roy Kindig was named chairman of the membership committee to be assisted by Steward Schaeffer Jr., David Johnson, Charles Y. Moyer and John Trendler while the publicity is being handled by Robert C. Graber, chairman; Barry Shollenberger and Barry Bortman.

Perkiomen Thinclads Get Second in Penn Relays 440 Event

Times, Distances Comparison Produces Draw

Penn, Drake Relays Break Even

PHILADELPHIA (AP)—This is going to frustrate figure fanciers. The annual comparison of times and distances in the Penn and Drake relays produced a draw.

The figures in the two big meets showed nine better marks for Penn and the same number for Drake in 18 comparable events.

For those who love a winner, the best thing to do is look at the overall picture and console yourselves with the fact the young men in both meets are Uncle Sam's nephews and may bring home a few gold medals from the Summer Olympics in Rome next August.

In all fairness it must be pointed out that the Drake athletes did have a downpour at Des Moines Friday. This, perhaps, had a bearing on the marks of a few events. The Penn lads had excellent weather here Friday and a cool, windy Saturday. It was cold and windy at Des Moines Saturday.

* * *

BOTH PROGRAMS featured a number of special things: Olympic development events at Penn and AAU competition at Drake.

ST. BENEDICT SHADES PREPS BY BARE YARD

Coatesville Wins C-M Mile; Trojans Trail

By WARREN HOWARD
(Mercury Sports Writer)

PHILADELPHIA—Perkiomen Prep's sprint relay team located its needed tenth of a second, but so did St. Benedict's as the Trenton, N.J., team edged the Indians for the Prep school 440-yard relay championship of America Saturday at the Penn Relays.

Barely a yard separated anchormen Leon Brathwaite of St. Benedict's and tall Dean Lowe of Perkiomen at the finish, who tripped the clock in 44.9 and 45 seconds respectively.

The overcast sky, and cool, blustery wind that blew throughout the afternoon didn't seem to hamper the two teams which battled for the first-place spot as each clipped one-tenth of a second from its qualifying time Friday.

The Preps won their heat Friday in 45.1 seconds with St. Benedict's turning in the fastest time in the first heat, 45 flat.

* * *

THUS EACH team shaved one-tenth from their winning times in the qualifying heats of the Penn Relays Friday. The Preps won their heat Friday in 45.1 seconds and St. Benedict's in 45 flat.

St. Benedict's thus defeated Perkiomen in a close finish for the second time in three years, and unseated the Pennsburg harriers as 440 champions.

The Indians won in 1959, followed to the wire by Mercersburg academy, with St. Benedict's third.

In Saturday's race, Episcopal academy of Philadelphia was third and Huntingdon school of Boston, Mass., fourth. The Hill school quartet of Howie Hallock, Pete Harkness, Larry Zuegner and Larry Tice which qualified for the finals, failed to place.

* * *

"I THINK my No. 1 man (Phil Girvin) was a little slow getting out of the blocks," said Perkiomen coach Dick Weikel. "At least that's the way it looked to me from the way the other runners came up on him."

The Indians had drawn the fifth lane in the race, putting Girvin out ahead of four pursuers in the staggered start of the sprints.

Following Girvin in that order were Tom Galbraith, Jere Stauffer and Lowe, 6-5 basketball standout.

Andy Chruchy, John Christoff and Tom Brothers ran the first three legs for the winning St. Benedict's unit.

* * *

THE HILL school mile relay unit—which also employed Hallock in the leadoff role, grabbed off fourth place in the Prep Mile relay championship of America.

Huntingdon was the winner with a 3:29.5 clocking, followed by St. Benedict's and Lawrenceville. Dick Reif, Major White and Bob McIlvain.

Coatesville displaced West Chester as Ches-Mont mile champion without Mitchell Washington, its best quarter-miler.

The Red Raiders sent Cliff Kennedy, Bill Jones, Glenn Lewis and Tom Gomillion home in a 3:34.6 clocking, with the Warriors second, Conestoga third and Phoenixville fourth.

The Ches-Mont event now has seen a new winner in each of the last three years, with Conestoga winning in 1958. Pottstown's Trojans and Boyertown's Bears failed to place, along with Downingtown.

BRAVES GRAB 5-4 WIN FOR SERIES SWEEP

Losers' Rally In Ninth Fails for Fifth Loss In Row

MILWAUKEE (AP) — Bill Bruton got five straight hits, including his first home run of the season, and led the Milwaukee Braves to a 5-4 victory over the Philadelphia Phillies Sunday.

Don McMahon rescued Lew Burdette in the ninth inning to stop a Philly rally after three runs had scored and gave Burdette his second triumph in three decisions.

It was the fourth straight win for the Braves and Philadelphia's fifth loss in succession.

The Phillies took a 1-0 lead in the first inning on Tony Curry's double, Al Dark's single and a fielder's choice on Ed Bouchee's bounder.

Bruton sparked the Braves' counterattack. After wasting a double in the first, he singled in the third and scored on Hank Aaron's double, put the Braves ahead for keeps in the fifth with his homer, and started the decisive three-run rally in the seventh with another single.

Following Bruton's leadoff single in the seventh, Red Schoendienst, Eddie Mathews and Aaron also singled and Frank Torre doubled. The last three hits were off reliever Curt Simmons, who failed to retire a man.

Bruton completed his perfect day at bat by singling in the eighth.

The Phillies scored three in the ninth on Wally Post's single, a walk to Jim Coker, an error by Chuck Cottier, a double by Dave Philley and a single by Curry.

McMahon then replaced Burdette and ended the game on one pitch, forcing Dark to hit an easy bouncer to Mathews.

Buffalo Bisons Buy 4 Players From Phils

BUFFALO, N. Y., (AP)—The Buffalo Bisons of the International league have purchased the contracts of four more players on their roster from the Philadelphia Phils.

The Bisons Sunday night announced the outright acquisition of infielder Harry Hannebrink and catcher Joe Lonnett. Earlier Saturday Buffalo said it had bought the contracts of outfielder Don Landrum and pitcher Don Erickson.

Price of the four-player package was not disclosed.

Buffalo now owns 10 players outright.

Buffalo is a member of the Continental league which expects to start in 1961.

Navy Rowers Win Dinghy Title in Mid-States Meet

ANNAPOLIS, Md., (AP) — Host Navy won 13 of the 20 dinghy races this weekend to score a narrow victory in the Mid-Atlantic Intercollegiate Sailing association championship elimination regatta.

The Midshipmen bested nine other schools with a point total of 211. Princeton was second with 194, and Georgetown finished third with 160.

The 20 races were sailed Saturday and Sunday over a one and one-half mile triangular course on Severn river.

Navy led from the first race on, but Princeton was never far behind.

ED LUTZ of Navy was the top skipper, scoring eight victories in 10 races for 107 points. Bill Cox of Princeton was second with 104. Spencer Kellog of Princeton was third with 90, and Charles Ulmer of Navy was fourth with 85.

The final standing:

Navy 211, Princeton 194, Georgetown 160, George Washington 126, Columbia 123, Lehigh 121, Penn 99, Haverford 97, Swarthmore 81, Drexel 70.

The Point Spread...

(Mercury Sports Writer)

ALL OF A SUDDEN IT'S MAY, and the exodus from Pennsylvania isn't confined to the Penn Relay carnival teams. Because May is also the month of the Indianapolis 500-mile classic.

Johnny Thomson, who came within a torsion bar adjuster of winning the classic last year, joins the exodus tomorrow morning, with high hopes of turning in an early qualification at the Hoosier track.

JOHNNY THOMSON

Thomson, who will drive to Indianapolis tomorrow, was located hand-feeding a recently-weaned colt. His hobby is quarter-horses. In fact, he will carry the quarter-horse label to the racetrack.

"If I can qualify the first weekend," he said, "I'll hang around for about five days until they overhaul the engine, and I'll spend about two days running it in, to make sure everything's working all right. Then I'll come back home until the weekend of the race."

* * *

THOMSON TALKED enthusiastically about several changes which have been made on the car he drove to a third-place finish a year ago, which ranged from a different valve setup to a brand-new name.

One of the mose important changes, he said, involved the valves and cam. "I don't know exactly what it is," he said, "but it's similar to the A. J. Watson cars. (Roger Ward drove a Watson product to victory last year). You know, his engines are always running about 10, 15 miles an hour faster than anybody else's.

"My machine handled pretty good last year in the turns," he went on, "so I would pass (Ward) three or four times during the race in the turns, but then he'd be going faster than I was on the straight."

The car Thomson will drive also gets its third name in as many years. Two seasons ago it was called the D-A Lubricant Special, and was the Racing Associates' special in 1959. For 1960 it will be called the "Quarterhorse Special" in honor of owner Art Lathrop, who is also an enthusiast of the quartermilers.

* * *

"IT'S SHOCKING PINK again," said Thomson. It will also carry the number three again, representing Thomson's third-place spot in the championship standings for 1959. It will also be equipped with the hydraulic jacks that have become popular in the last two years.

"It'll cut down the pit stop time a little, and that's important," he says.

The sandy-haired driver—dubbed "The Badman"—by his fellow drivers, has one more thing over which he is enthused. It's a new tire, which will stand up better under the fast cornering.

"I think one reason my tires wore out so quickly last year was the hard way I had to drive the turns in an effort to catch Ward," he says. "That and the broken torsion bar adjuster."

* * *

THOMSON'S ENTIRE SCHEDULE for the coming week will encompass preparing the car for a try at qualification the first weekend, May 14. He will drive about a dozen laps at 120 miles an hour to "run the engine in" the first day out.

Then the car will be checked all over to make certain that everything is in good working order, and nothing will "fall off." "The next day we start cranking up," he said. "Last year we had a good schedule. We ran successive laps at 138, 140, 142, 144 and 146."

The car was qualified in the fastest time, 145.908 miles an hour, earning Thomson the pole position and the annual Rex Allen Memorial watch award. "But we had run the car at Daytona Beach and Trenton both, so we had a pretty good feel of it," he said.

Because of its superior handling qualities, there will be two more cars on the Indianapolis track this year like the Quarterhorse Special. They will be driven by Jack Turner and 1958 winner Jim Bryan.

"We feel the biggest competition will come from Bryan and Ward," he said. "But with our new valve setup, the new tires and equipment . . ."

MUSTANGS TOP HILL DIAMOND UNIT BY 13-6

Governor Mifflin Nine Led by Adams' Hitting

Don Adam's big bat led visiting Governor Mifflin to a 13-6 win over The Hill school last Saturday.

Adam found the offerings of Bill Mellick and Dan Boyer much to his liking. He collected three safeties, including a double and homer, as the main contributor to the Blue Brigade's fourth loss of the season.

The Miffs, wasting little time with formalities, jumped in front at the outset and stayed there. Whitey Kurowski's first-inning single was the beginnig of a two-run outburst.

Starter Mellick passed Stan Bockelman and Adam boomed a double to deep left center allowing both runners to cross the plate.

THE VISITORS added a trio in the fourth and two more in the fifth before Adam's sixth-frame homer with one aboard highlighted a four-run total and virtually wrapped up the decision.

The Hill, trailing 5-0 in the fourth, climbed back into the fray with three in the bottom of the same inning.

Consecutive walks to Cliff Shedd and Carl Larsen and Kurowski's boot of a Chris Brown ground ball filled the bases.

Pete Bassett singled two runners home and a third tallied on centerfielder Jack Kochard's overthrow to the plate.

Successive singles by Dick Berk, Tom Rogers and Steve Schaff produced one Hill marker in the seventh and a fourth straight single, by Shedd, added two more. But the rally was far too short.

Nieder Gets Top Award In Drake Relays Event

DES MOINES, Iowa, (AP)—Bill Nieder, brawny Army officer who has thrown the shot further than anyone else, has passed his big test.

The former Kansas star wiped out charges he couldn't win the big meets by beating two-time Olympic champion Parry O'Brien in a grudge match in the Drake Relays Saturday.

Nieder tossed the 16-pound ball 63-11½ and was named the outstanding performer in the relays, drawing 10 votes.

J. D. Martin of Oklahoma, who set a new Drake pole vault record of 15 feet ½ inch, had seven votes. Jim Baird, first in the hop step and jump, second in the broad jump and a member of East Texas State's winning college 440-yard relay team, had four votes.

* * *

BUDDY EDELON of Minneapolis, who upset Alex Henderson of Arizona State university in the AAU 5,000-meter run, was given two votes and George Kerr, Illinois' great middle distance runner, had one vote.

Nieder's bid for a berth on the U.S. Olympic team was given a boost by his winning performance in the AAU shot put.

O'Brien and Californian Dave Davis, who finished third, are two of his strongest challengers. Dallas Long of Southern California, who did not compete here, is the other shot put contender for a trip to Rome this Summer.

"That was my big test," Nieder said after he beat O'Brien, whose best toss was 63-1¼. "O'Brien threw more than 63 feet on his first toss, and that made a good test to see if I choked up like he said I did."

O'Brien later denied that he and Nieder were feuding.

Brazil Gains 2d Round

By The Associated Press

Brazil's tennis stars joined 14 other Nations in the second round of the European zone Davis cup tennis competition Sunday without playing a match.

The Brazilians were scheduled to meet Turkey in Istanbul but the matches were called off as the result of student riots against the Turkish regime. Martial law forced cancellation of all sports gatherings.

'No Harness Track on Philly Soil'

PHILADELPHIA, (AP)—Mayor Richardson Dilworth says he is opposed to a harness race track on City or private land that could be used for industrial development.

Two groups, the Philadelphia Harness Racing association and Penn Raceway incorporated want to build a track near Philadelphia (Municipal) stadium. The City owns some of the land.

Dilworth said Saturday the two groups had asked him to reconsider his stand. They said the land near the stadium is not needed for industrial development.

The mayor added that he would meet with City officials Monday to discuss the issue.

The track would be built under a new State law allowing pari-mutuel betting on harness horse racing in those counties which have voted approval. Philadelphia county voters approved the betting in the April 26 primary election.

Approval of a track or tracks in Philadelphia is subject to action by the Pennsylvania Harness Racing commission.

Chicubs Edge Cards 5-4 To Crack Losing Streak

ST. LOUIS (AP)—Tony Taylor drove in three runs and Don Elston sparkled in relief Sunday as the Chicago Cubs ended a four-game losing streak with a 5-4 victory over the St. Louis Cardinals.

Glen Hobbie, credited with his second win, was leading 5-3 in the eight. When Stan Musial and Carl Sawatski opened with singles, Al Schroll relieved and walked Daryl Spencer to fill the bases.

With a 2-0 count on dangerous Leon Wagner, Elston took over. He got Wagner on a pop, yielded a sacrifice fly to George Crowe and struck out Bob Nieman to preserve the triumph.

It was only the second victory in the last 11 games for the last-place Cubs. The loss, charged to Larry Jackson, was the Cardinals' second in their last nine games and ended a three-game winning streak.

Daryl Spencer put the Cardinals ahead 2-1 with a solo home run, his fifth of the season, in the fourth inning.

Tony Taylor, who had four hits, singled following Don Zimmer's triple in the third inning to tie it.

The Cubs broke loose with three runs in the fifth. Dick Gernert singled, Sammy Taylor doubled, Gernert scored on Zimmer's infield out, Tony Taylor tripled and Richie Ashburn singled. Ashburn's RBI was the 500th of his career.

Giants Grab 6-3 Los Angeles Win

LOS ANGELES, (AP) — First baseman Willie McCovey hit two home runs Saturday night as the San Francisco Giants chased Don Drysdale and scored a 6-3 victory over the Los Angeles Dodgers.

McCovey drove in three runs to boost his league-leading total to 21 as the Giants tagged the Dodger ace for five runs in as many innings and handed him his second loss against three wins.

Giants southpaw Billy O'Dell gained his first victory, though he left the game with a runner on and nobody out in the sixth inning

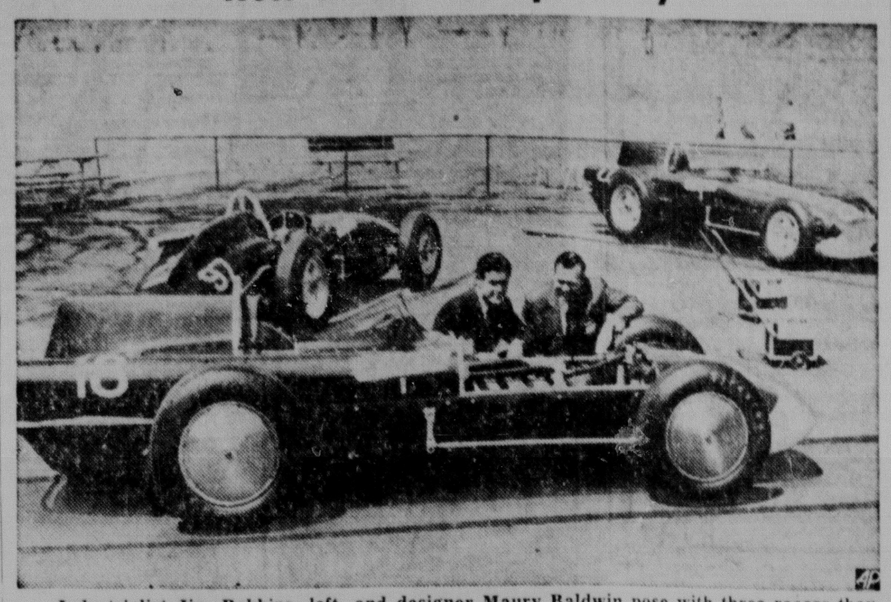
New Racers for Speedway



Industrialist Jim Robbins, left, and designer Maury Baldwin pose with three racers they hope to qualify for the 500-mile Indianapolis speedway classic, May 30. The cars, front and right, shown at a Detroit, Mich., golf course, are radically new in design. Car 97, left rear, set a 1958 record of 145.974 miles an hour before it crashed. The new cars have jet-assisted tubes which Robbins hopes will add speed and power.

PIRATES WIN 9TH STRAIGHT

Law, Clemente Feature 13-2 Victory Over Cincinnati

CINCINNATI (AP) — The National League leading Pittsburgh Pirates ran their winning streak to nine straight Sunday, whipping Cincinnati 13-2 as pitcher Vern Law went all the way for his fourth victory.

Law, unbeaten this season, allowed nine hits and after he steadied down in the third inning checked the Reds on three harmless singles over the final six frames.

The Pirates backed Law with a 12-hit attack including a grand slam homer by Roberto Clemente and a three-run round tripper by Billy Mazeroski.

The Pirates rapped Cincinnati starter Don Newcombe, now 1-1, in the first inning. Don Hoak and Dick Groat led off with singles and Dick Stuart walked. Clemente —hitting .386—then banged his fourth homer of the year.

The Reds got one run back in their half of the first on consecutive doubles by Vada Pinson and Gus Bell and pulled within 4-2 in the third on a walk to Frank Robinson and Ed Bailey's double.

But thereafter, right-hander Law kept a tight check on the Reds. It was the Reds' 11th loss in 15 games this season and their fifth in six games with Pittsburgh.

Penn, Drake Relays End In Draw In Times, Distance Comparisons

(Continued From Page Fourteen)

These were highlighted by sprinter Ray Norton, of Santa Clara, Calif., whose 20.6 tied a World record for the 200 meter run, and Bill Neider, of the U.S. Army who won the shotput at the Drake relay from Parry O'Brien, the record holder, with a 63 foot 11½ inch mark.

These special events are not included in the comparison run down.

Drake supremacy was recorded in five track and four field events.

The Midwest carnival took the 100-yard dash on the wings of an 09.5 performance by Kansas Charley Tidwell. Bob Poynter, of San Jose, did 09.9 at Penn. Minnesota's Dave Odegard trimmed the 120-yard high hurdles in 13.9, compared with 14.3 by Carl Brown, of Winston-Salem, at Philadelphia.

* * *

AN ILLINOIS quartet of John Lattimore, Ed Houston, Del Coleman and George Kerr, won the Drake mile relay in 3:12, two-tenths of a second faster than Villanova's sixth straight Penn Relay mile triumph. A Kansas foursome at Drake skimmed the 480-shuttle hurdles in 58.8, as against 59.3 for Winston-Salem in Philadelphia. Kansas turned in a 3:33.1 sprint medley clocking, beating the 3:24.9 by Yale at the Penn meet.

Superior Drake field events were in these events:

Shotput 56 feet, 10½ inches by Oklahoma's Mike Lindsayd compared with 56-4½ by Joe Marchiony of Manhattan.

The javelin — Bill Alley of Kansas threw 238-5 to 225-10 for Frank Covelli of the Air Force at Penn.

* * *

THE POLE vault—J. D. Martin of Oklahoma cleared 15½ against 14 feet by three Penn competitors.

The broad jump — 24-9¼ for Ralph Boston of Tennessee A. & I. Compared with 23-2½ by Les Bird of Michigan.

Wyoming Shades Perkiomen Prep By 9-7 Figure

Wyoming seminary came from behind with a four-run rally in the fourth and went on to defeat Perkiomen Prep, 9-7, Saturday at Pennsburg.

A Parent's Day crowd watched the Preps wipe out a two-run deficit with three first-inning runs then take a 5-3 lead in the second.

Wyoming managed one in the third and their big four in the next frame put them over the top.

Bill Kenner and Roy McConnell did the flinging for the winners with McConnell picking up the win. Ed Wolfsohn, Bob Itts and Jared Buckley pitched for Perkiomen. Buckley was charged with the official loss.

Williams Gains Feature Win at Hatfield Opener

HATFIELD—Pottstown's Bob Williams annexed the 30-lap feature of the opening-night program of racing for modified stocks at Hatfield speedway Saturday.

Williams finished strong to overtake Eddie Horn of Chalfont in the All-Star Racing club-sponsored test.

A second Pottstonian, Harry Moore, wound up third and Reading's Jack Rudy ended fourth.

Fifth place went to Fred Adams of Kutztown and Boyertown's Tom Scheetz came on to take the sixth spot. Ed Bryant of Ardsley was the seventh racer home. Number eight position went to Boyertown's Gerald Kennedy.

Smoky Dengler of Reading and Hank Laukitus of Philadelphia finished ninth and tenth, respectively.

Try and Stop Me

By BENNETT CERF

MADAM CALLED an exclusive restaurant in New York to reserve a table for a dinner party of eight. "I presume you don't know of me here in the States," she remarked with a very hoity-toity English inflection, "but in the London set I am recognized as an intimate of the Princess Margaret and the Duke of Sutherland. Check me with Van Cleef and Arpels, Tiffany's, and the Rolls Royce people if you will."

"That won't be necessary," the impressed director of the restaurant told her, "but how will we recognize you when you come in?"

"You can't miss me," the haughty voice assured him, "I have a broken nose and a black eye."

ROOKIE HURLS ORIOLES PAST YANKEES, 9-5

Estrada Goes Route With Support From 12-Hit Attack

BALTIMORE (AP) — Rookie Chuck Estrada struggled through a complete game in his first major league start Sunday and pitched the Baltimore Orioles to a 9-5 victory over the New York Yankees.

The Orioles, humilitated 16-0 Saturday for their worst defeat in modern history, fell behind at the outset but came back with six runs in the fourth inning after the first two batters went out.

Seven consecutive batters reached base during the rally off three Yankee pitchers. A two-run single by pinch hitter Bob Boyd and a three-run double by Jon Ginsberg were the key blows.

Rookie John Gabler, the third of six New York pitchers was charged with the loss. He gave up Boyd's bases-loaded single and two walks in relief of Bobby Shantz and failed to retire a batter. Art Ditmar replaced Gabler, and Ginsberg promptly capped him for the base-clearing double.

Estrada, 22-year-old right-hander up from Vancouver, was in constant trouble but hung on to record his second victory—and the Orioles sixth in seven games. He gave up 11 hits and six walks, retiring the side in order only in the eighth inning. The Yanks left 12 runners stranded.

The Oriole infield chipped in with two doubleplays, including a key twin-killing in the ninth after Yogi Berra and Bill Skowron led off with singles. Baltimore has made 20 doubleplays in 13 games.

Estrada gave up three runs in a shaky first inning on three walks and three hits, including a run-scoring double by Elston Howard. The Yankee catcher also hit his second homer of the year and singled to lead the New York attack.

Staley, Baumann Hurling Nets 2 Wins For Chisox

CHICAGO (AP)—Gerry Staley and southpaw Frank Baumann supplied brilliant relief pitching Sunday, giving the Chicago White Sox 6-3 and 5-2 victories over the Detroit Tigers.

The victory in the doubleheader gave the American League champions undisputed possession of first place for the first time this season The Sox took a one-game lead over the New York Yankees, who lost to Baltimore 9-5, and Cleveland, which took a doubleheader from Kansas City 6-4 and 3-1.

A crowd of 29,586 saw the Sox extend their winning streak to five games. The loss left Detroit with six straight defeats.

Staley won the opener on a one-hit relief job after Bob Shaw had been shelled in the sixth inning.

Baumann, who came to Chicago from Boston in a trade for Ron Jackson last November, replaced Dick Donovan with two out in the first inning of the nightcap and the Tigers ahead 2-0. He blanked them the rest of the way on three hits.

Luis Aparicio pulled out of a hitting slump by knocking in one Sox run in the opener and three in the second game.

Al Kaline hit a solo homer for Detroit in the fourth inning of the first game and Al Smith pounded a two-run homer for the Sox in the third—the second homers of the season for each.

The deciding Sox blows, however, came in the sixth after the Tigers had tied the game 3-3 on Frank Bolling's triple and singles by Neil Chrisley and Kaline that sent Shaw to the showers. The key blows were singles by Roy Sievers and Aparicio and doubles by Sherm Lollar and Billy Goodman, putting the Sox ahead 6-3.

The Tigers damaged Donovan with a walk and singles by Bolling and Rocky Colavito before Baumann came to the rescue in the nightcap. From then on they were powerless, as the southpaw scattered three singles, struck out four and walked two.

The Sox backed him with seven hits, five off starter Paul Foytack, who lasted seven innings.

Goodman's double and Aparicio's single gave the Sox their first run in the second inning. They went ahead 3-2 with a pair in the fourth on three walks, one intentionally, a wild pitcher and a single by Minnie Minoso.

Hill Netmen Top Ram Jayvees 7-0 For 4th Triumph

After dropping their opening match of the sesaon to Princeton's Freshmen, The Hill school netmen have been untouchable.

Last Saturday, the Blue racqueteers notched their fourth consecutive success. And it was registered with comparative ease.

West Chester State college's Jayvees provided the opposition at The Hill courts and wound up with a 7-0, straight-set defeat.

Seven consective match wins in singles and doubles competition turned the trick.

* * *

TOP-SEEDED Dave McIlvain set the standard with a 6-0, 6-2 win over Bud Fisher and the remainder of the Hill swingers followed suit.

Tuck Amory made quick work of Mike Hoffner, 6-0, 6-0, and Marshall Wallach almost matched his performance in dealing Durk Busby a 6-0, 6-2 setback.

John McMillian came up with a 6-0, 6-2 success over Jerry Yeagley and Bob Yeager provided the singles sweep with 6-0, 6-0 win against Harvey Fineberg.

In doubles play, the Macs, McIlvain and McMillan dealt the Fisher-Yeagley combine a 6-2, 6-2 loss and Yeager and Sam Gillespie defeated Hoffner and Busby, 6-4, 7-5.

Collins Grabs Lead In Houston Golf Open

HOUSTON, TEX. (AP)—Towering Bill Collins met the challenge of rising pressure with a 4-under-par-68 Sunday to pull out of a tie with Arnold Palmer and Jack Fleck and take a 2-stroke lead in the $35,000 Houston Classic golf tournament.

Collins' had 205 for 54 holes.

Palmer fashioned a 70 to rest securely in second place with 207. Fleck faltered to an even par 72 and dropped to third place at 209.

Cleveland Gains 6-4, 3-1 Pair at Kaycee's Expense

CLEVELAND (AP)—A pair of complete games by rookie pitchers Wynn Hawkins and Dick Stigman Sunday gave the Cleveland Indians a doubleheader sweep over Kansas City, 6-4 and 3-1.

The victories also gave Cleveland a clean sweep of four games against Kansas City.

The A's came close to turning the tables in the ninth inning of the second game. Cleveland was leading 3-1 when the A's loaded the bases. But with two out, Ken Johnson hit a high fly to Harvey Kuenn, ending it.

Cleveland got two runs in the sixth as Jim Piersall and Bubba Phillips scored when Vic Power singled with the bases loaded and two out.

Cleveland got an unearned run in the fifth frame. Stigman started the rally with a single to center. After a sacrifice by Vic Power and a single by John Temple, Stigman steamrollered home. He plowed into catcher Harry Chiti, who dropped the ball after a throw from Bill Tuttle.

The A's scored their only run on a pinch double by Pete Daley, an infield single by Jerry Lumpe and a wild throw by Cleveland shortstop Woodie Held.

The first game was dotted with five homers, Kansas City's Norm Siebern and Whitey Herzog connecting back-to-back in the sixth.

FIRE TO WATER

JOHNSON CITY, Tenn. (AP)—When firemen couldn't get water to the fire, they took the fire to water.

A Southern Railway boxcar loaded with cotton bales caught fire far from a hydrant. It was unhitched from the train and, still burning, rolled to a fire hydrant where the blaze was extinguished.

MAN JAILED FOR RESISTING POLICEMAN

Also Is Charged With Drunk Driving

James H. Campbell, 25, of 326 Church street, Royersford, was committed to Montgomery county prison, Norristown, for a hearing today following his arrest at 3:05 a. m. Sunday by Patrolman Uriah Fox, on charges of driving while under the influence of liquor and resisting arrest.

Campbell was taken into custody on Second avenue, near Washington street after the Royersford patrolman followed a car which appeared to be weaving on Walnut street. When a passenger alighted at Second avenue and Washington street, Patrolman Fox pursued the car and stopped it on Second avenue.

The driver, Campbell, resisted, but was placed under arrest by Fox, and Patrolman Joseph Ferrara, Spring City.

Taken before a Royersford physician, he was pronounced under the influence and was later taken to the county prison.

NOTICE TO CONTRACTORS
SEALED PROPOSALS will be received by the SPRING-FORD SCHOOL AUTHORITY for the proposed Athletic Field Grading, Grandstands, Planting, Plumbing and Electric Work which is to be located Southwest of the new Spring-Ford Senior High School building which is located along Lewis Road, Southeast of Washington Street in Royersford, Montgomery County, Pennsylvania, until 3:00 o'clock P.M. (E.D.S.T.) at the office of the Architect on WEDNESDAY, MAY 18, 1960, or until 7:30 P.M. (E.D.S.T.) at the above mentioned New Senior High School Building on the same date. The proposals will be publicly opened and read aloud in the Library of the above mentioned New Senior High School Building at 7:45 o'clock P.M. (E.D.S.T.) on the same date.

Separate proposals will be received for any part of the above proposed work.

Drawings, Specifications, Instructions to Bidders, Proposal Forms and other contract documents may be examined at the office of the Architect, EVERETT ASSOCIATES (formerly H. F. Everett & Associates) Registered Architects and Engineers, Commonwealth Building, Allentown, Pennsylvania.

Copies of drawings and specifications may be obtained at the office of the Architect upon payment of a "Plan Deposit" of $20.00. Each Bidder will be entitled to one (1) copy of drawings and specifications upon payment of the specified "Plan Deposit." Any bidder upon returning such sets in good condition within fifteen (15) days after the opening of proposals, will be refunded his fifty percent (50%) of his payment. Contractors failing to return plans and specifications in good condition will forfeit full amount of "Plan Deposit."

Each bidder must deposit with his proposal, a certified check or bid bond as "Proposal Security" in the amount of not less than ten percent (10%) of the total of the proposal, payable to the Spring-Ford School Authority as an assurance that if the Contract is awarded to the bidder, he will execute the Contract and furnish the required Bonds and Certificates of Insurance.

Proposals must be sent in on regular forms prepared by the Architect (in triplicate). Proposals shall be properly identified and delivered at or before the time above mentioned.

No bidder may withdraw his proposal within thirty (30 days) after the actual date of the opening thereof.

The Authority reserves the right to waive any informalities in or to reject any or all proposals.

Warmest April In 19 Years

(Continued From Page One)

but the lack of rain wasn't noticable except to farmers who were rewarded this weekend for their patience.

* * *

RECORD BREAKING April was 5.8 degrees warmer than normal, at an average temperature of 57.1 degrees which is the warmest since April, 1941, which recorded an average of 58.4 degrees.

Since 1910, the only warmer April came in 1921, with an average of 57.2—only one tenth of a degree warmer than the April just departed.

The average maximum temperature during the month was 68.1 degrees, and the average minimum was 46.1 degrees. The overall departure from normal was 5.8 degrees in excess.

The high mark was an 87 the afternoon of the 23d, which tied the record for that date. An 86 on the 24th broke the all-time record of 84 set in 1942.

The lowest reading—only 5 degrees above the record low for the date—came on the 11th, when the mercury slipped to 31.

THE LOWEST "high" temperature was a 45 on the 6th, and the warmest "low" was 64 the morning of the 25th.

The total precipitation was 3.45 inches, which is 1.21 inches above normal, or about 50 percent more than in an average April.

The first half of the month had 3 inches, while the second 15 days had less than a half inch — which was 1.20 inches below normal for that period.

There were four thunderstorms here during the month, and one the past week brought lightning and wind damage to the outlying areas.

THE HIGHEST wind velocity here was 45 miles per hour from the south on the 26th — the evening the countryside was hard hit in places by much stronger winds.

The lowest wind velocity was the 8th, when it was 6.6 miles per hour from the west.

One thing saucy April didn't bring was snow. There were a few flakes the 6th, but not a measurable amount. In 1928, there was two inches of snow as late as the 26th, and April, 1924 had 10 inches of snow during the month.

But snow just wouldn't have been in keeping with this April's nature. She was a torrid one, as Aprils go, and well appreciated after an aloof, chilly March.

May Orders Umbrellas as Uniform of Day

(Continued From Page One)

the 80s experienced this time last week.

The mercury fell to 50 early Sunday and only struggled to 58 during the afternoon, even when the sun began to appear for longer stretches of time.

The wind was brisk, and although it was not uncomfortable, it was "chilly" as far as walkers were concerned . . . those who are used to blouses and shirtsleeves.

May began just as April began—with rain—but since no more precipitation is seen until later in the week, the new month won't match the old month's dripping beginning.

Ground Broken For Dining Hall at Perkiomen School

(Continued From Page One)

proval of the project at its Fall meeting, the Parents' association recently completed a capital fund drive among its members for the necessary financing to begin the project.

THE MODERNLY designed structure will be featured by a circular dining hall of 3850 square feet. It opens on to a cafeteria and two foyers, each 1060 square feet in size.

Heyl, Bond and Miller, Allentown, are the architects of the brick structure. A contractor has not yet been chosen, but work is hoped to be underway by this Summer.

Dr. Stephen W. Roberts, the headmaster, welcomed the gathering, and various officers and trustees gave greetings.

The Prize day exercises included the presentation of medals and certificates, awarded to those members of the undergraduate classes for excellence in academics.

Students from this area recognized were:

James Braddock, and Harry and Roderick Wood, all of Pennsburg, who received the Silver key for achieving honors six times with second and third honors for the first semester.

Michael DeMas, of Palm, won a Gold key for six times with honors and First honors in the first semester, as did Guenther Orthaus, of Hereford.

DeMas also won the Franklin and Marshall college Alumni Book prize for achievement in English, languages, social and natural sciences.

David Hallman, of Pennsburg, won the Parents' association medal for contributions to the glee club during the year.

Honorable mentions in the Science Fair awards went to Braddock and John Leiderman, Pennsburg.

Police Candidates Take Exams

Herbert S. Myers, chairman of the Pottstown Civil Service commission said Sunday night two and possibly three new patrolmen will be named to the borough's police force.

They'll be chosen from among 12 candidates who took written examinations at borough hall Saturday. Those who passed will undergo physical examinations this week.

Final interviews for the positions will be Saturday.

Myers said two men will "definately" be appointed to fill vacancies caused by the resignation of Motor Patrolman James Burton and the retirement of Desk Sgt. Paul I. Galloway.

He said a third man might also be appointed.

H. W. SPENCER IS CHOSEN AS COUNTY DA

New Official Sworn In By Judge Forrest

Harold W. Spencer, an attorney for more than 20 years and president of the Montgomery County Bar association for less than four months was the surprise choice for district attorney to fill the unexpired term of the late Bernard E. DiJoseph.

His appointment was announced Saturday morning, minutes before he was sworn in by Judge E. Arnold Forrest. His selection caught attorneys and politicians by surprise—and also his family, vacationing at a South Jersey seashore resort.

Spencer was sworn in by Judge Forrest in the absence of President Judge William F. Dannehower. Judges David E. Groshens and Robert Honeyman attended the ceremonies in Judge Forrest's chambers.

He will serve the nearly three years and eight months remaining from the late Mr. DiJoseph's term. Mr. DiJoseph died suddenly on April 12 at the age of 51.

SPENCER, 47, lives in Abington and has been practicing criminal and corporation law since 1939. He is a member of the law firm of Wright, Mauck and Spencer, 412 DeKalb street, Norristown. He was chosen to head the county bar association in January after serving as a director of the association for the past three years.

Judge Forrest said that Spencer's appointment was unanimous and that the judges were glad that he was able to accept the appointment. "We are all proud to have such a good district attorney," he explained.

Spencer was at work in his new office ten minutes after the swearing-in ceremonies were completed. He announced that there will be "no changes in staff personnel" at the present time.

"I am proud to have been appointed," he explained after the brief ceremonies, "and will do everything possible to maintain standards of the district attorney's office at the highest level."

Spencer is married to the former Eleanor A. Schmidt, and they are the parents of four children.

He was graduated from Abington High school, Lafayette college, and Duke University Law school. During World War II he was a Naval lieutenant in the intelligence branch.

Local Boy Is Injured In Fall From Bicycle

Jack Reed, 13 year old son of Mr. and Mrs. Donald Reed, 206 East street, suffered a dislocated right shoulder Sunday afternoon when he fell from a bicycle at Jefferson avenue and Franklin street.

The boy was admitted to Pottstown hospital, where he was taken by the Goodwill ambulance. He will be X-rayed today.

but both will adjoin the church on the south, at Walnut and Glasgow streets. The auditorium will seat 350 persons.

The present frame parish building, used for educational purposes, will be demolished. The parsonage is presently undergoing extensive renovations.

Sanders and Thomas incorporated is the architectural and engineering firm.

A total of $60,000 out of the cost has been subscribed during the first three year segment of the fund drive which began in 1958.

Construction will begin May 16 with a ground breaking ceremony. This coming Sunday is the last Sunday the old parish building will be used.

C. ROY BUSH, 265 Prospect street, is head of the building committee.

The new facilities should be ready for occupancy by December, 1960, according to estimates. In the meantime, classes will be in the church proper and the basement of the church.

The Rev. Henry A. D. Wacker is supply pastor of the congregation, which has a membership of about 700 persons.

Zern's Schwenksville contract must be approved by the New Amsterdam Casualty company, a bonding firm.

Zern will move in to finish a $367,000 project started by Burton L. Grossman, incorporated.

The Schwenksville School authority said Grossman's unstable financial condition caused him to default his contract.

ROBERT COPE, supervising principal of the district, said the bonding company's approval will make sure the contractor, school district, taxpayers and school authority are "fully protected."

Cope hopes that the school will be ready for use by the opening of the Fall term.

The Collegeville Flag company's office building addition is "pretty well along," according to Donald Maurer, a Zern representative.

Maurer said a contract had been signed Friday to do the West Pottsgrove school renovation. The entire project will cost $75,000, including four contracts, one of which is held by Zern.

Robert L. Fisher, supervising principal of the Pottsgrove Joint school district, said he hopes work can begin with the closing of the building June 14.

MAN BURNED

Richard Bradley, Allentown, suffered cuts and brush burns of the fourth and fifth fingers on his right hand Saturday morning when he caught his hand in a machine while working at the Firestone Tire and Rubber company. Bradley was treated at Pottstown hospital and released after four stitches were used to close the wounds.
